Dear Mr. Stacey:

I support the need stream flow Regulations, and I hope you will pass them. I want to use those rivers.

I am in my sixties and got a Kayak 2 years ago. So far I have Kayaked the Mill River in New Haven. I want to do the Quinnipiac next, but I hope it won't be as toxic as now - please get rid of category 4. Most of us are smart enough to distinguish a drainage ditch from a real stream or river.

"Category 4" rivers belong to me as much as to a lobbyist for the water companies or a golf course - maybe more. If you know of a good boat launch in the New Haven area I'll meet you there and we can Kayak the Quinnipiac together.

Best wishes,

Dave Sloane
