BUREAU OF WATER PROTECTION AND LAND REUSE
OFFICE OF THE BUREAU CHIEF
FEB 03 2010

Dear Mr Paul Stacey:

I support the stream flow regulations but strongly oppose the prospect of a "class 4" regulation for any river.

I am a doting member of the Quinnipiac River Watershed Association. I grew up on Quinnipiac Ave in New Haven so the river and it's wild life, particularly the Wood and Box Turtles, have always been a big part of my life. Since joining this board over two years ago, I've seen this river come back to life with paddling, fishing and wildlife such as Eagles, Osprey, Heron, and Herring! So it's important to have a clean habitat for the wild life to survive.
