I am here because I am in recovery.

I have been home now almost 17 months.

I did 12 years in jail and I do know that programs work, like CCAR, Fresh Start, and Maple St.

They need your support, because I know for a fact that programs do work.

I know that they work because now that I have been out for 17 months, I have never stayed away from the streets this long. I have changed and I owe it to these programs. I am doing things differently.

If you support the program, the program will support you.

I am a new man, and in my choosing if the programs can help me it will help anyone.

Thank you for your time.

Tony Mack
