Subject: Re: Petition 1120 - United Illuminating Hawthorne Substation Respoins to 5/14/15 request

Dear Ms. Bachmann: In response to your email of May 14, 2015 which explained problems with the transcript of the April 23, 2105 hearing, please note that I was present at that hearing and was a witness. I hereby waive any claim of procedural error regarding the partial transcript of said hearing. However, I do wish to note that on pages 44 through 47 of the transcript, the testimony attributed to "Mr. Giandurco" was actually testimony given by Mr. Arthur Tournas, who is also an intervenor. Thank you for taking note of this error.

Yours sincerely,

Vincent Giandurco
