

You Can Help Reduce Prescription Drug Abuse

Prescription drug misuse, diversion and abuse endangers public health and safety. As a Connecticut-licensed pharmacist, you can help identify patterns of potential misuse, diversion and abuse, through the Connecticut Prescription Monitoring and Reporting System (CPMRS).

CPMRS Benefits

- Easy to submit controlled substance prescriptions online 24/7
- Convenient reporting schedules
- Threshold reports highlight a patient's potential misuse, diversion or abuse of controlled substance prescriptions
- Comprehensive patient controlled substance prescription records

Visit the Prescription Monitoring Program's website at www.ct.gov/dcp for more information and to sign up for your free CPMRS account.

Help patients get the treatment they need.
