## **Statement of Purpose**

*Pursuant to CGS Section 4-170(b)(3), "Each proposed regulation shall have a statement of its purpose following the final section of the regulation."*

## **PURPOSE**

The purpose of these regulations is to allow alternative types of signs in the advertising of motor vehicle fuel prices. These regulations impact the signs appearing on the top of each motor fuel dispenser pump.

## **SUMMARY**

With these regulations, the motor fuel industry will be able to use now-common electronic signs, such as those making use of Light Emitting Diode (LED) technology. Also, these regulations will allow signs that use white lettering on a black background, in addition to the currently-mandated black lettering on a white background. An additional set of images, denoted as "NEW," shows the optional method of posting a sign with white letters on a black background.

## **LEGAL EFFECTS**

The legal effect of this proposal would be to modify the current signage requirements for pump-top motor fuel price displays in Connecticut, found in Section 16a-15-19 of the Regulations of Connecticut State Agencies.
