### **Other Items**

**Mr. DeWolf inquired about students who graduated from the University of Connecticut's Environmental Engineering Program in 2005, when it had not yet been accredited. The Board has been allowing these students to sit for the Fundamentals of Engineering Exams. The questions that arise are; what happens with the PE exam? Do they need to wait, or will they be eligible in the same four year period as those graduating from the University of Connecticut with an accredited degree? The Environmental program is the same as it was prior to accreditation.**

**The Board's decision was to treat these applications under the ultimate accreditation.**

Motion made by (9) and seconded by (5) to adjourn the meeting. Motion carried.

Meeting adjourned at 10:50 am.

The next meeting for the Board is scheduled for October 14, 2008.
