Correspondence Received

A-1 Assistance in completing the summary of activities for the Northeast Zone Meeting.

The chairman will provide information on the department's complaint process and the change in regulation regarding electronic signatures.

Old Business

C-1 Attorney Schwane- Issue of rubber seals and embossed seals on land surveying documents.

Attorney Schwane stated that he reviewed Section 20-300b-20 and it refers to Section 20-300-10 (b) of the Board's regulations stating that either the rubber seal or embossed seal is sufficient.

C-2Benson, Mark –Once held a license in CT, wants to be considered as a new applicant and not be considered as a reinstatement. The Board held a discussion to 21a-4 (d) which discusses the reinstatement procedures.

The Board asked Attorney Huntsman to summarize 21a-4 (d) which states that each applicant whose license has lapsed for a period longer than the length of time allowing automatic reinstatement, may apply for reinstatement with the appropriate board upon receipt of such application and payment of the fee accompanied by a notarized letter ,and the applicant shall pay all back license and late fees in order for such license to be reinstated. The Board also asked for a summary to Public Act 13-216 which allows a professional engineer who is not residing or engaging in professional engineering in Connecticut to surrender their license in Connecticut and then when they return only pay the current fee.

Seeking advice from the attorney general's office in regards to the legislative history of 21a-4 (d) and Public Act 13-216.

The Board's discussion concluded that the past policy and past practice must remain consistent until the statutes and regulations can be revised.

Motion made by (5) seconded by (2) to advise the applicant that the license will be reinstated subject to the payment of back fees which is consistent with the Board's past practice. Motion carried.
