Subject: Noise Control Ordinance  
Torrington Area Health District

Dear Mr. Rokos:

I have reviewed the Torrington Area Health District's (TAHD) noise control regulations and find them in conformity with our State noise control standards and regulations. I, therefore, approve the Torrington Area Health District's noise control regulations (copy attached) as adopted by the TAHD Board of Directors on March 10, 1983.

This represents the first time in Connecticut that noise regulations have been adopted on a health district wide basis. I offer you my congratulations on taking the lead in this important area of environmental protection.

Sincerely,

*signed 4/6/83*
