INLAND REGULATIONS

Easy two-step process:

1. Check the **REGULATION TABLE** (page 25) for general statewide regulations.
2. Look up the waterbody in the **LAKE AND PONDS** (pages 32-41) or **RIVERS AND STREAMS** (pages 44-52) listings to find any special regulations.

LEARN TO FISH: Free Classes, Page 10

The Connecticut Aquatic Resources Education (CARE) Program will introduce you and your family to the fun of fishing. Expert instruction, hands-on activities and a fishing trip will lead to wonderful time spent outside with your family or friends.

ON THE COVER

As day breaks, angler Roland Salvatore fly fishes the Farmington River in New Hartford. This photo was submitted by Taylor Kemp, who shot it with a wide angle lens while wading in the river.

About this Guide

This high-quality regulation guide is offered to you by the Connecticut Department of Energy & Environmental Protection through its unique partnership with J.F. Griffin Publishing, LLC.

J.F. Griffin is an award winning publishing house that specializes in producing state fish & wildlife regulation books. J.F. Griffin supports CTDEEP's staff in the design, layout and editing of the guides. They also manage the marketing and sales of advertising to appropriate businesses within the book.

The revenue generated through ad sales significantly lowers production costs and generates savings. These savings translate into additional funds for other important fisheries and habitat programs!

If you have any feedback or are interested in advertising, please contact us at 413.884.1001 or online at www.JFGriffin.com

Celebrating 150 Years of Natural Resource Conservation in Connecticut

The Department of Energy & Environmental Protection's Bureau of Natural Resources is celebrating its 150th Anniversary in 2016.

Joining in the celebration are the Divisions of Wildlife, Inland Fisheries, Marine Fisheries, Forestry, and the Environmental Conservation (EnCon) Police, as well as many partners. Throughout 2016, we will look back at our history and also look ahead to the future of natural resources in our state. Follow along with the celebration and participate in special events to be held year-long. Learn more on our Facebook page at www.Facebook.com/CTFishandWildlife and the DEEP website at www.ct.gov/deep/NaturalResources150.

1866

Fisheries Commission Created by the State Legislature to Address Declining American Shad Populations, Restore Atlantic Salmon, and Introduce New Species of Fish

Game (Wildlife) was added to the equation in 1895 to create the Connecticut Board of Fisheries and Game. In 2011, Energy was added to the Department of Environmental Protection (formed 1971) to create the modern day agency responsible for fish, wildlife, and forests.

1871

Brook Trout Stocking

Fry (juvenile fish) were purchased and distributed free to applicants in lots of 4,000 in attempt to restore the popular species where many of Connecticut's original populations had been lost. Other fish stocked by the Fish Commission included: Smallmouth Bass (1860's), Common Carp (1881), Rainbow Trout (1884), Largemouth Bass (1890's), Brown Trout (1893), Walleye (1911), Calico Bass, Sea-Run Brown Trout, and Channel Catfish (1950's).

1883

First Game Wardens Appointed Followed in 1933 by the First Female Game Warden, Edith Stoehr

Miss Stoehr was assigned to oversee a trout stream and a portion of a public shooting area, both maintained for the exclusive use of women.

1871

First Recreational Fishing Regulations Established – "Take by Hook and Line Only"

In 1898 the first synopsis of fish and game laws was published and distributed to the public. It was a very popular publication as are the Hunting and Angler's Guides produced today.

1946

The Atlantic States Marine Fisheries Commission is Formed by Congress and all 15 Atlantic Coastal States as a Governing Body to Manage Fisheries Resources on an Interstate Level

In 1995, Congress passed the Atlantic Coastal Fisheries Cooperative Management Act which mandated states comply with Commission fisheries conservation plans. This Act and the 1984 Atlantic Striped Bass Act contributed significantly to the recovery of several important fisheries since their adoption.

1947

Shift to "Put and Take" Trout

Stocking large adult-sized trout for immediate harvest.

1956

A Hunter Safety Program Was Established

It eventually became the Conservation Education/Firearms Safety Program in 1982.

1950

The U.S. Congress Passed the Federal Aid in Sport Fish Restoration Act

which created a minimal tax on fishing gear to generate stable funds for long-term restoration programs in all states.

1957

The Weekly Fishing Advisory Began in Conjunction with the Weekly "This is Your Connecticut Wildlife" TV Show

1899

The Closed Season for Brook Trout is Expanded to Include Brown and Rainbow Trout.

In 1947 the third Saturday of April becomes "Opening Day" for trout. Forty-eight years later (2015) "Opening Day" was moved one week earlier in order to add a week to the trout fishing season.

1899

First State-owned Fish Hatchery at Windsor Locks

A large component of fisheries management involves the stocking of fish. Over the years several facilities have come and gone, including a lobster and winter flounder hatchery in Noank (1904-1946) various temporary remote stream-side field hatcheries (1900-1925). Three facilities, Burlington (1923), Kensington (1930) and Quinebaug Valley (1972) still operate today.

1903

Meshomasic State Forest Became the First State Forest

John Cordella "Del" Reeves was the first warden/forester hired by the State of Connecticut to patrol the forest. Today there are 32 forests totaling about 170,000 acres in the Connecticut State Forest System.

1924

Sale of Fishing Licenses Began

following the implementation of hunting licenses in 1907, which established the precedent of sportsmen funding fish and wildlife programs. A Marine Waters Fishing License was required starting in mid-2009. To encourage participation by those under age 15, the Youth Fishing Passport was created in 2013.

1963

The First Modern Fishway was Build on Lees Pond Dam on the Saugatuck River in Westport.

Beginning in 1871 when fishways were requested on all major rivers and streams, CT has had a long history of improving fish passage. The Rainbow Dam (1976) at the time of first operation was the tallest fishway on the east coast. In 2014, Connecticut had opened 400 miles of river habitat for migrating fish.

1974

Deer Management Act Passed by the State Legislature

Connecticut held its first regulated deer hunting season in 1975.

1967

The Interstate and Federal Program to Restore Atlantic Salmon to the Connecticut River Began

The Connecticut River Atlantic Salmon Commission decided to terminate the program in 2013. The Commission remains in place to manage interstate cooperation with the restoration of other diadromous fish species, such as American shad to the river.

1975

Wild Turkeys Reintroduced into Connecticut

Our state's successful wild turkey restoration effort began in Canaan with the release of 22 wild-trapped turkeys from New York. The state's first legal, modern-day wild turkey hunting season was held in spring 1981.

1984

The Ongoing Long Island Sound Trawl Survey Began

To date, the Survey has identified 108 finfish species in their catches, with two new species observed in 2015. Mid-Atlantic and tropical species are becoming more common as the Sound's waters show a warming trend since the 1970's.

1976

First Trout Management Area (TMA) established on the Willimantic River

Increasing interest in Catch-and-release angling resulted in establishment of additional TMAs over the next 30 years, including the first Wild TMA on the Tankerhoosen River (1993).

1976

Congress passes the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson)

which asserts the United States authority over an exclusive economic zone for fishery resources extending 200 miles into the ocean from U.S. shores. Connecticut is represented on the newly created New England Fishery Management Council.

1986

The Connecticut Aquatic Resources Education Program was Established Under CGS 26-31a

CARE introduces the basics of fishing to over 8,000 students each year.

1998

The Invasive Zebra Mussel was Discovered in East and West Twin Lakes, in Salisbury

Additional discoveries were found in Lake Zoar and Lake Lillinonah on the Housatonic River in 2010 and in Lake Housatonic in 2011.

2007

The Urban Fishing Waters Program was Established on Six Ponds Located in Highly Populated Areas

In these waters catchable sized, trout, channel catfish, or both were stocked. In 2014 the program was expanded to six additional waters along public transportation routes and renamed to the Community Fishing Waters Program.

1993

Walleye Management Program

begins with annual stocking of fingerlings, purchased using Federal Sportfish Restoration Funding, into selected lakes. Joins the Northern Pike Program (est. 1971) in increasing diversity of warm water recreational fishing.

2011

The Enhanced Opportunity Shore Fishing Program was Established at 45 Sites Along the Connecticut Shoreline

At these sites shore bound anglers are allowed to keep smaller size summer flounder and scup for the table. The complementary Bonus Striped Bass Fishing Program also provides shore bound anglers with a chance to keep a smaller bass for the table. Both programs are part of Connecticut's approved interstate fisheries conservation plans for these species.

2015

Sunday Hunting Allowed for Archery Deer Hunters on Private Land (In certain deer management zones)

2011

All Mid-Atlantic Fish Stocks (Examples: Fluke, Scup, Black Sea Bass, Bluefish) Have Been Restored to Healthy Abundance

and sustainable fishing rates are being maintained thanks to stricter federal laws to prevent overfishing, the cooperative efforts of federal and state fisheries management partnerships, and the sacrifices of marine recreational and commercial fishermen in Connecticut and other Atlantic coastal states.

2014

Public Act 14-201 was Passed, Dropping the Price of Fishing and Hunting Licenses by 50% for 16- and 17-year-old Connecticut Residents

The Act also enabled the creation of two free fishing license days.

2014

Juvenile Atlantic Sturgeon were Caught During DEEP River Surveys of the Connecticut River

and were genetically confirmed to have been produced in the river. This is the first confirmed reproduction of this species in the Connecticut River since the 1800s.

2011

World Record Striped Bass Caught (Westbrook)

The Trophy Fish Awards program and the State Record fish were established in 1965 to acknowledge anglers and their catches.

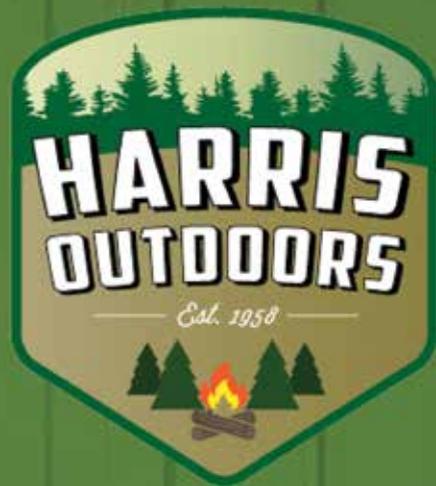

2012

Emerald Ash Borer First Documented in Connecticut (Prospect)

Message from the Bureau Chief

Celebrating 150 Years of Natural Resource Management in Connecticut!

The history of modern fisheries, wildlife and forestry management in Connecticut can be traced back to a few short words in the **Journal of the Senate of the State of Connecticut May Session, 1866**: *“A resolution was introduced, raising a Joint Select Committee of one Senator and eight Representatives upon the subject of fisheries. Passed.”* Within a year, a report was issued and laws were passed mandating that *“The governor shall appoint three commissioners...whose duties shall be to make complaints of all violations of the acts relating to fisheries...to consider the subject of the introduction, protection and culture of fish in our waters, to cooperate with fish commissioners of other states, and to make report of such fact and suggestions as may be material to the legislature. Such commissioners shall receive for their services the sum of three dollars per day.”* With the passage of this law, the Commissioners set upon the task of compiling technical information on Connecticut’s fisheries and the era of science-based natural resource management took its

first small steps. To be sure, Connecticut’s fish, wildlife and forest resources have been actively managed for as long as people have inhabited these lands. However, the formal creation of the Fisheries Commission in 1866 transitioned us into a new era that recognized the value of natural resources to our economy and overall well-being and recognized the need for science based information to guide conservation and management. Subsequently, Game (Wildlife) was added to the equation in 1895 to create the Board of Fisheries and Game and the first State Forest land was acquired in 1903.

During 2016 we will host a number of events to celebrate our 150th anniversary, recognize accomplishments, honor our partners, and, most important of all, take stock of our natural resource heritage and talk about its future in Connecticut. Please watch for announcements of these events on our website (www.ct.gov/deep) and Facebook page (www.facebook.com/CTFishAndWildlife).

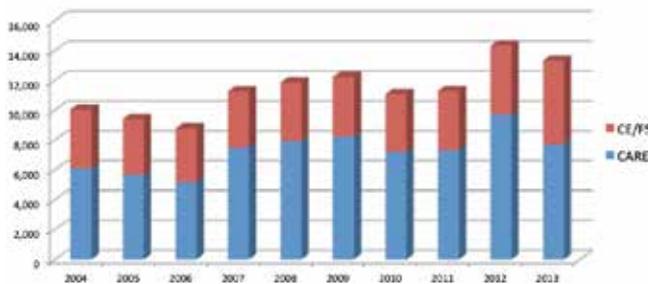

In last year’s message I asked anglers and hunters to take advantage of every opportunity to get potential sportsmen into the field and on the water. What better way to celebrate our 150th anniversary than by doing something to ensure that our legacy persists. Sportsmen continue to be the informed constituency that provides much of the political will and financial

backbone to conserve our resources and to protect fishing and hunting access. Simply put, we need to add to our ranks if we are to guarantee that future generations will have the opportunity to enjoy the outdoors in the manner in which we have been blessed. Below are two charts you’ve seen before. One chart is the number of licensed sportspersons in our state and the other is the number of students in our Aquatic Resources Education (CARE) and Conservation Education/Firearms Safety (CE/FS) programs. DEEP will continue to do everything we can to recruit and educate young anglers and hunters, but it will take all of us making a similar commitment in our personal lives to ensure that this legacy continues to grow and prosper over the next 150 years. Together we can make a difference!

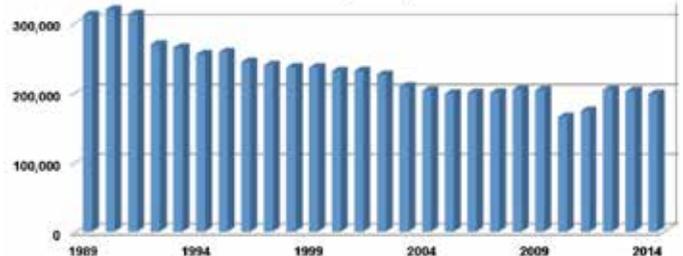

Thank you and best wishes for a great year of hunting and fishing in Connecticut.

William A. Hyatt
Chief, Bureau of Natural Resources

Annual Number of CARE and CE/FS Students

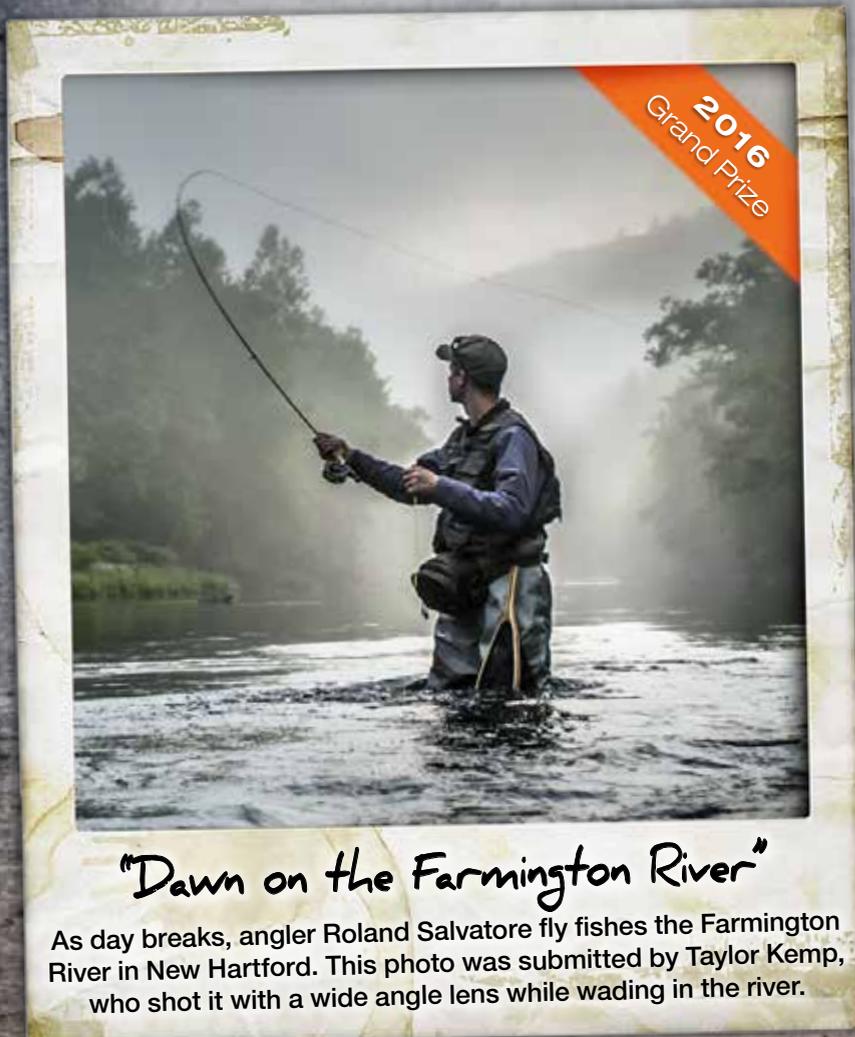

Licensed Sportspersons

Fishing for trout is a long-standing tradition in Connecticut. State run trout hatcheries have been raising and stocking hundreds of thousands of catchable sized trout since the 1940’s (left). The pursuit of these fish have created traditions within many families dating back equally long (center). Management strategies and regulations, rooted in providing a high quality experience for all, continue to change to meet our anglers’ desires and needs (right).

2016 FISHING PHOTO

CONTEST WINNERS

"Dawn on the Farmington River"

As day breaks, angler Roland Salvatore fly fishes the Farmington River in New Hartford. This photo was submitted by Taylor Kemp, who shot it with a wide angle lens while wading in the river.

Alivia and her personal best Largemouth Bass (Longmeadow Pond, Bethlehem).

Lucas & Blake Kamoen with a Bluefish caught off Clinton by Lucas.

Jim Stearns Jr. with a monster 34.5", 18.25 lb. Seeforellen-strain Brown Trout out of Long Pond.

Patrick Finucane and his kayak personal best 5.5 lb. Largemouth Bass (Pattagansett Lake, April 2015).

Gabby & Mikey Ferraiolo with one of the several bass and pickerel they caught one day (late February, small pond in Clinton).

Please check out other great photo submissions used throughout this Angler's Guide and on our web page at www.ct.gov/deep/fishing

What better way to share the excitement of your catch than to have every angler carrying it around. We are now accepting high quality photos (please submit digital images to: deep.inland.fisheries@ct.gov) of anglers with their catches from Connecticut waters for the 2017 CT Angler's Guide.

FREE FAMILY FISHING LESSONS!

Where Connecticut Learns to Fish!

Since 1986, the CARE program has been training and partnering with volunteers in order to conduct FREE family fishing courses around the state! Let CARE introduce you and your family to the wonderful world of fishing and connect you to CT's amazing natural resources.

For more information about CARE, becoming an instructor, and our class schedule visit www.ct.gov/deep/care.

Annual CARE Special Fishing Events

- January: Winter Ice Fishing Derby
- February: Winterfest with No Child Left Inside®
- May: Family Fishing Day
- August: Saltwater Fishing Event

Summer Camp Fishing Programs

- Half-day classes for campers
- Partner with summer camps
- Morning & afternoon classes
- Up to 30 campers age 8-15

Family Fishing & Family Ice Fishing Classes

- Held at a location near you
- Classroom instruction (2 hours)
- Fishing trip to a local water
- www.ct.gov/deep/care (schedule)
- Equipment is provided for use

Forster Pond School Partnership

- Teachers are trained on CARE curriculum
- Students are taught in their own classroom
- Field trip to our fishing education center

CARE Connecticut Aquatic Resources Education

860.663.1656
www.ct.gov/deep/care

Join Our Team. Share Your Passion.

CARE new instructor training courses are offered each February and June. Call us 860-663-1656 to apply. Applicants must pass a State Police background check.

Thank You!

The CARE Program would like to thank Instructors **SUSAN QUINCY** and **LENNY TUBBS** for teaching Family Fishing Courses for 15 years! These environmental stewards have combined to volunteer over 700 hours of their time while teaching over 3,600 new anglers about the sport of fishing. **Thank you CARE Instructors!**

Care Instructor Susan Quincy

Care Instructor Lenny Tubbs

THE SIMPLE ACT OF FISHING, PRESERVES FISHING.

Every time you purchase a fishing license or register your boat, a portion of the proceeds go toward preserving our nation's coastlines, lakes, rivers and streams. Protecting our memories on the water for generations to come.

Learn more at TakeMeFishing.org/Conservation

TAKEMEFISHING.org

DON'T BE A BONEHEAD, OR A JOHNNY FISHSEED!!!

Connecticut's fisheries have been established and are monitored by professional biologists who carefully evaluate and consider pros, cons and risks prior to the introduction of any fish to the waters of the state. These fisheries are a multi-million dollar resource that we all enjoy, and our sport fisheries are some of the finest in North America.

Fish communities are often in a delicate balance, easily disrupted by seemingly insignificant and harmless actions.

NEGATIVE IMPACT

Moving live fish from one water to another or introducing a new species may have a negative impact on a new waterbody by:

- Changing the amount and type of food available
- Causing reductions in popular recreational species
- Reducing native fish species
- Changes in water quality and clarity
- Transferring unintended harmful aquatic plants and animals (in the water used to keep the fish alive during transport).

Disruption of our fisheries is not limited to the Illegal stocking of known problem species like Asian carp, snakehead, and others, but can potentially include popular gamefish like Brown Trout, Rainbow Trout, Walleye, Northern Pike, Bowfin, and Calico Bass. When moved to new waters, all have the potential to alter existing fisheries and aquatic systems.

Moving live fish to new waterbodies is both a bad idea and illegal (Connecticut General Statute 26-55)! You can be fined \$85 per violation (each fish). The danger is once a new fish species becomes established; removal of the undesirable or disruptive fish species from a waterbody is labor intensive, costly, and usually ineffective.

YOU CAN HELP:

- Only release fish back into the same waterbody where they were caught.
- Apply for a permit from the Inland Fisheries Division (www.ct.gov/deep/fishing).
- Inform CT DEEP if you are aware of others illegally introducing fish (860-424-FISH or 860-424-3333).
- Unless obtained on site, dispose of all unused live bait into an appropriate trash container.

- Check, Drain, and Dry before moving to a new waterbody. Boaters, the law (CGS 15-180; CGS 22a-381d) requires the inspection and removal and proper disposal of vegetation and potential invasive species prior to transporting the vessel. You can be fined \$95 per violation.

Three fish that have already proven to be disruptive to Connecticut's aquatic systems are:

- White Perch: Can be very prolific, creating large populations of very small fish (stunted) which, decrease the overall food supply for other fish species.
- Alewife (land-locked): Feed on microscopic zooplankton (animal plankton) and reduce the growth and survival of the young of many fish species.
- Rock Bass: where they have become numerous, they have resulted in reduced numbers of more desirable fish species such as largemouth and smallmouth bass.

Licenses

RECREATIONAL FISHING LICENSES

An Inland fishing license is required for anyone 16 years of age or older fishing in the Inland District (see page 54 for demarcation between Inland and Marine Districts). A marine recreational fishing license is required for anyone age 16 of age or older fishing from shore or from a boat in the marine district. Most licenses are issued on a calendar year basis and expire on December 31st.

Licenses are available online at www.ct.gov/deep/fishing. Licenses are also available at participating town halls, tackle retailers and DEEP field offices. For a complete list of vendors, visit the DEEP website or call DEEP Licensing and Revenue (860-424-3105).

Active Armed Forces Members

Any active, full-time member of the armed forces may be issued fishing and/or small game firearms licenses for the resident fee. Proof of membership during the calendar year must be carried while using the license.

Other Recreational Marine Licenses

Special "Personal Use" licenses are required for: a) persons taking lobsters for their own use by up to 10 pots or SCUBA, and B) persons taking menhaden with a single gill net not more than 60 feet in length, for personal use from marine waters only.

- **Personal Use Lobster License:** \$60.00 (purchase of pot tags also required if using pots)
- **Personal Use Gillnet License for Menhaden:** \$100

Marine "Personal Use" licenses are issued on a calendar year basis, are non-transferable, and are only issued by DEEP Licensing and Revenue at 79 Elm St., Hartford, CT 06106-5127. See www.ct.gov/deep/fishinglicense for additional information and a license application.

COMMERCIAL LICENSES

A commercial license is required to take, possess or land (regardless where taken) fish, lobsters, blue crabs, whelk, squid, sea scallops, horseshoe crabs and bait species intended for sale from both the inland and marine

districts. Contact the DEEP Marine Fisheries Division at 860-434-6043 or write to the Marine Fisheries Division at deep.marine.fisheries@ct.gov or P.O. Box 719, Old Lyme, CT 06371 for further information on commercial fishing www.ct.gov/deep/CommercialFishing.

All Waters and bow and arrow permit to hunt deer and small game	\$65	\$33	n/a
Archery Super Sport License (All waters, bow and arrow permit to hunt deer and small game, and permit to hunt wild turkey during the spring season on private land).	\$82	\$41	n/a
Firearms Super Sport License (All Waters, Firearms hunting, firearms private land shotgun or rifle deer permit, muzzleloader private land deer permit, and permit to hunt wild turkey during the spring season on private land).	\$84	\$42	n/a
Firearms Super Sport License (All Waters, Firearms hunting, firearms private land shotgun or rifle deer permit, and permit to hunt wild turkey during the spring season on private land).	\$70	\$35	n/a
Firearms Super Sport License (All Waters, Firearms hunting, migratory bird conservation stamp, and bird harvest permit [HIP]).	\$50	\$25	n/a
FREE LICENSES			
CT Resident age 65 and older	n/a	n/a	n/a
FREE SPECIAL LICENSES (AVAILABLE ONLY AT PARTICIPATING TOWN HALLS AND SELECTED DEEP OFFICES)			
Blind Inland or Marine fishing license (lifetime). ¹	Free	Free	n/a
Intellectual disability Inland or Marine fishing license (lifetime). ¹	Free	Free	n/a
Physically handicapped (loss of one or more limbs, or permanent loss of the use of one or more limbs), Inland or Marine waters fishing, hunting, or combination licenses (lifetime). ²	Free	Free	Free to qualified nonresidents who reside in states which allow CT residents the same privilege.

¹ Issuance of a free license to the blind or individuals with intellectual disabilities (as defined in Public Act 11-16) requires proof of disability in the form of a certificate provided by any person licensed to practice medicine in this state.

² Any resident with the loss of a limb or the permanent loss of the use of a limb and a doctor's certificate may be issued a free license. Qualified nonresidents who are residents of states which allow CT residents the same privileges are also eligible.

FREE FISHING LICENSE DAYS

June 19th & August 13th.

Get a free one-day license to fish on these days.

GROUP FISHING LICENSES

Available to qualified 501(c)(3) organizations wishing to conduct group fishing programs and events for qualified:

- Veterans with a service-related or other disability.
- Persons receiving mental health or addiction services from the Department of Mental Health and Addiction Services (DMHAS) and associated programs & facilities.
- Individuals with autism or intellectual disabilities receiving services from the Department of Developmental Services (DDS) or a facility licensed by DDS; or
- Persons receiving care from the Department of Children and Families (DCF), DCF receiving homes, or certain DCF-licensed child care facilities or programs.

Qualified organizations can apply for a Group Fishing License (\$125.00) to hold up to 50 events per year (both inland and marine water). Each event is limited to 50 people and must be supervised by organization staff or volunteers (who must have their fishing licenses). No fee can be charged to participate and the events may not be used as a fundraiser.

Contact DEEP Inland Fisheries for more information and application forms.

Submit your permit applications online — A convenient on-line system is now available for the submittal of fisheries related permits. The ezFile system offers a safe, secure, and convenient process to submit your permit applications. After DEEP review, you will receive the appropriate documentation via email, **no more paper to fax, scan or mail.**

Questions about ezFile or need help? Call us at 860-424-FISH (3474).

1. Get started with ezFile:
2. Download Google Chrome (recommended browser)
3. Selecting the ezFile icon on <http://www.ct.gov/deep/fishing>
4. Select “create an account”
5. Follow the instructions (should take about 5 minutes).

FISHERIES RELATED PERMITS AND REGISTRATIONS SERVED BY EZFILE:

Inland Fishing Tournament/Derby Permit

Required to conduct a fishing tournament or derby on inland waters open to public fishing involving anglers 16 years or older. Organized events, like fishing tournaments, are usually limited to 50% of the parking capacity at a state-owned launch. Open water catch-and-release-only tournaments can be granted an exemption from Bass Management Area special regulations (exemptions available for all Bass Management lakes from September 1 through June 30, exemptions granted only for Gardner Lake and Mansfield Hollow Reservoir from July 1 to August 31). Additional guidelines and restrictions may apply for open-water trout tournaments/derbies conducted on waters managed by the state for trout.

Liberation (Stock) of Live Fish

Required each time any live fish or live fish eggs are released into any pond, lake, or stream in Connecticut (it is illegal to introduce any aquarium fish into any waters of Connecticut).

Importation of Live Fish or Fish Eggs

Required each time live fish or live fish eggs are brought into Connecticut from outside the State (No permit is required to import common aquarium species).

Note: Possession or importation of a number of species including piranha, walking catfish, black, sliver and bighead carp, gizzard shad, and all species of snakehead (family Channidae) is prohibited.

Permits are required for these activities:

- Stock fish or import fish into the state
- Conduct a fishing tournament or derby
- Use grass carp to manage aquatic plants

NOTICE TO SPORTSMEN

A judgement or a plea of guilty, forfeiture of a bond, or payment of a fine for a fishing, hunting, or trapping violation may result in the suspension of your fishing, hunting, or trapping license.

BUY ONLINE ENJOY THE CONVENIENCE

of purchasing fishing, hunting and trapping licenses and permits directly over the internet.

www.ct.gov/deep/fishing

Special Regulations on Association Controlled Waters

Any association owning or controlling the fishing rights in a stream or pond may request a temporary change in fishing regulations at their water body.

Private Waters Registration

Can be acquired by individuals or a corporation that meet the eligibility criteria. There is a non-refundable \$140.00 application fee. As each situation is unique, please call 860-424-3474 to discuss options.

Marine Fish Tournament/Derby Registration

Required to conduct a marine fishing tournament or derby in Connecticut that is open to persons 16 years of age and older as described under section 26-159a-26 of the Regulations of Connecticut State Agencies. There is no charge for the registration.

IMPORTATION AND/OR LIBERATION PERMIT FOR TRIPLOID GRASS CARP

Authorizes the importation, possession and liberation of triploid grass carp into inspected/approved ponds. **Possession of diploid grass carp is prohibited.** Triploid grass carp represent one method of controlling nuisance aquatic vegetation. The Inland Fisheries Division inspects all ponds to determine regulatory compliance, particularly to verify that the fish can not escape from the waters in which they were stocked, thereby preventing off-site damage to aquatic habitats. Grass carp information packets and application forms can be obtained by contacting the Inland Fisheries Division at 860-424-3474.

NATIONAL SALTWATER ANGLER REGISTRY

Congress, through the Magnuson-Stevens Fishery Conservation and Management Act, called on NOAA Fisheries to create a national registry of saltwater anglers. As required by the Magnuson-Stevens Act, NOAA will deliver to congress a report on all the efforts underway to phase in the new Marine Recreational Information Program (MRIP) — a partnership working to improve saltwater recreational fishing data collection and provide more informed fisheries conservation.

The registry will improve data collection by creating a universe of saltwater anglers, essentially a phonebook of fishermen. This resource will help reduce bias and improve the efficiency of catch and effort surveys. Instead of asking a random sample of coastal U.S. residents if they've gone fishing (what is currently done), an angler registry through a phone or mail survey would allow surveyors to call upon those who have already identified themselves as saltwater fishermen.

Anglers please note:

New York, Rhode Island, Maine and Massachusetts also have marine license requirements. Though Connecticut has reciprocity with these neighboring states, residents of Connecticut are required to have a CT Resident Marine Waters Sport Fishing License to fish in the Marine District.

Connecticut anglers holding valid marine waters fishing license are exempt from National Saltwater Angler Registry.

For more information, please see www.countmyfish.noaa.gov or www.nmfs.noaa.gov/sfa/management/recreational

Trophy Fish Award Program

TROPHY FISH AWARD AFFIDAVIT

NOTE: POTENTIAL STATE RECORD FISH MUST BE WEIGHED ON A CERTIFIED SCALE.

Kind of Fish _____ Where Caught _____ Town (port) _____

PHOTOGRAPH (PICTURE) MUST ACCOMPANY AFFIDAVIT.

DATE CAUGHT ____ / ____ / ____ CATCH & RELEASE? Yes No YOUTH OR ADULT? Youth (under 16 years of age) Adult

HOW CAUGHT

Fly Fishing Bait Casting Bottom Fishing Spin Fishing Live Bait Trolling Ice Fishing Day Night

Kind of Lure or Bait Used _____

CAUGHT BY

Angler (print & sign name) _____ Conservation ID# _____

VOLUNTEER OPPORTUNITIES

The Bureau of Natural Resources appreciates all the help it receives from volunteers each year. Typically, volunteers are from organized groups, but there are also some opportunities for individuals. Among the programs in which you may be able to participate:

Atlantic Salmon and Herring Restoration Programs

For groups: Contact Steve Gephard or Bruce Williams (Inland Fisheries Division) at 860-434-6043

Volunteer Angler Survey — Saltwater Anglers

For individuals: See page 57 for details. Contact David R. Molnar (Marine Fisheries Division) at 860-434-6043 or david.molnar@ct.gov.

CT Aquatic Resource Education Program (CARE)

For individuals: Volunteers are trained and certified to teach an introductory course in fishing. Training/Certification is offered twice a year, in February and June. Certified instructors must participate in one CARE event per year. Participation may include teaching or assisting the teaching of a 6 hour class in your hometown or helping out at a special event. A desire to pass on your angling knowledge and lots of enthusiasm for the sport are all we require to join the program. See page 10 for more! Contact Tom Bourret or Justin Wiggins of the Inland Fisheries Division at 860-663-1656.

Thanks for your interest in the health of our fisheries resources!

The Trophy Fish Award Program recognizes and rewards angling skill. Successful anglers will receive a:

Certificate of Merit

- Bronze pin for your first fish of merit.
- Silver pin for your fifth fish of merit.
- Gold pin for your tenth fish of merit or a new state record fish.

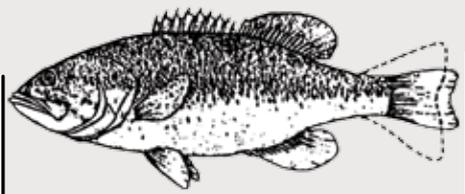

GENERAL RULES: SALTWATER/FRESHWATER FISH

- Top Angler Awards are given to Marine and Inland anglers who catch and keep, catch and release the largest fish of each species categories. Angler of the Year is awarded to the angler with the most species categories. Awards are provided at the annual Trophy Fish Award Ceremony.
- Youth Category is defined as anyone 15 years of age and under.
- Saltwater entries caught by boats leaving and returning to Connecticut ports. No overnight stays in another state prior to day(s) of fishing.
- Entries must be filed on the **Official Affidavit Form**, page 16.
- Fish must be caught by legal methods, played by only one person.
- Fish must be entered within 30 days of capture.
- All Trophy Fish Award Affidavits must be submitted by January 15, 2016
- Fish caught in hatchery ponds are not eligible.
- Fish must be caught (including catch and release) during Connecticut's legal open season.
- **A clear photograph of the fish must accompany the Affidavit Form.**
- Fish may be weighed at any local bait and tackle shop (see page 18).
- **Please note: all potential State Record Fish must be weighed on a certified scale and a printout of the scale weight must accompany the affidavit or an image of the scales certification number, date inspected, vendor name and inspectors name.**
- **For species not listed:** trophy fish award subject to Fisheries staff identification and review.

CATCH AND RELEASE CATEGORY RULES

- All of the General Rules apply except that the fish does not need to be weighed. A witness must be present.
- **A clear photo must accompany the affidavit. This photo must include the angler holding the fish and also include the fish next to a measuring (yardstick, ruler, or tape measure) device to clearly show the length of the fish.**
- The accompanying photo must be taken at the location where the fish was caught and released.
- Fish can't be taken from the site and then transported back.
- BLE = best length estimate for highly migratory species.
- Minimum Length (Total Length) = Tip of snout to end of tail.
- Marlin & swordfish—measure from lower jaw to fork in tail.
- Shark species—minimum length is fork length.
- Fish must be released alive!

All fish are measured from tip of snout to end of tail (total length).

Total Length

TROPHY FISH AWARD MINIMUM WEIGHTS

Note: Minimum Lengths apply to the catch-and-release category only! The minimum lengths listed below do not apply to the traditional weighed category.

CATEGORY	SPECIES	MINIMUM WEIGHT	MINIMUM LENGTH
FRESHWATER	American Eel	3 lbs	35"
	American Shad	5 lbs	25"
	Atlantic Salmon ¹	15 lbs	31"
	Bluegill	12 oz	10"
	Brook Trout	2 lbs	17"
	Brown Bullhead	2 lbs	15"
	Brown Trout	5 lbs	22"
	Calico Bass (Black Crappie)	2 lbs	15"
	Common Carp	20 lbs	34"
	Chain Pickerel	5 lbs	27"
	Channel Catfish	4 lbs	22"
	Fallfish	1.5 lbs	14"
	Kokanee	1.75 lbs	16"
	Largemouth Bass	6 lbs	22"
	Northern Pike	10 lbs	35"
	Pumpkinseed	8 oz	9"
	Rainbow Trout	4 lbs	21"
	Redbreast Sunfish ³	8 oz	9"
	Rock Bass	12 oz	11"
	Smallmouth Bass	4 lbs	21"
	Sunfish Hybrids ⁴	12 oz	10"
	Tiger Trout	2 lbs	17"
	Walleye	5 lbs	23"
	White Catfish	4 lbs	20"
	White Perch	2 lbs	15"
	White Sucker	3 lbs	15"
	Yellow Bullhead ²	2 lbs	15"
	Yellow Perch	1.5 lbs	15"
SALTWATER	Albacore	30 lbs	40"
	American Eel	3 lbs	35"
	Atlantic Bonito	4 lbs	20"
	Atlantic Cod	20 lbs	40"
	Atlantic Mackerel	2 lbs	14"
	Black Sea Bass	4 lbs	20"
	Blackfish (Tautog)	8 lbs	22"
	Blue Marlin	100 lbs	BLE (99")
	Blue Shark	175 lbs	BLE (54")
	Bluefin Tuna	400 lbs	60"
	Bluefish	12 lbs	32"
	Cunner	1.5 lbs	12"
	Dolphin Fish (Dorado)	20 lbs	36"
	Hickory Shad	1.75 lbs	18"
	Little Tunny (False Albacore)	5 lbs	24"
	Mako Shark	175 lbs	BLE (54")
	Oyster Toadfish	1 lb	10"
	Pollock	15 lbs	34"
	Scup (Porgy)	2.5 lbs	16"
	Squid	—	10" Mantle Length; 18" Total Length
	Striped Bass	35 lbs	45"
	Striped Searobin	3 lbs	18"
	Summer Flounder (Fluke)	6 lbs	25"
	Swordfish	100 lbs	BLE (47")
	Thresher Shark	200 lbs	BLE (54")
	Weakfish	5 lbs	24"
	White Marlin	80 lbs	BLE (66")
	White Perch	1.5 lbs	14"
	Winter Flounder	2.5 lbs	17"
	Yellowfin Tuna	150 lbs	60"
	Blue Crab	8"	8"

- 1 Includes only hatchery-reared broodstock salmon released into the Broodstock Atlantic Salmon waters and supplemental lakes. Wild Atlantic salmon from the Connecticut River and Long Island Sound are illegal to possess and not covered under this Trophy Fish Award program.
- 2 Good photos (both lateral and ventral shots) will have to be required for identifications.
- 3 Redbreast Sunfish will require only a good lateral photo.
- 4 Most sunfish over 10" are probably hybrids.

REMINDER TO ANGLERS!

Fishing in or Casting into Permitted Swim Areas is Prohibited

State regulations prohibit fishing in or into a swim area that's been permitted by DEEP. Additionally, vessels cannot be operated within a permitted swim area, and there's a 100 foot "no-wake" zone around the perimeter.

Swim areas that have been permitted by DEEP will be marked by white buoys with orange markings, and there should be a permit number posted on the buoys. They may or may not have small orange barrier floats to further demarcate the area.

Should questions arise concerning the validity of the swim area (*no permit numbers or the area appears to have been changed / enlarged or keeps moving*), please contact DEEP's Boating Division at 860-434-8638.

FISHERIES ADVISORY COUNCIL

The Fisheries Advisory Council (FAC) is a group of dedicated citizens from all regions of the state working together for fish and fishing in Connecticut.

For more information about the FAC, please call 860-424-3474.

Steph Spadaccini with her trophy 36.5 inch bluefish.

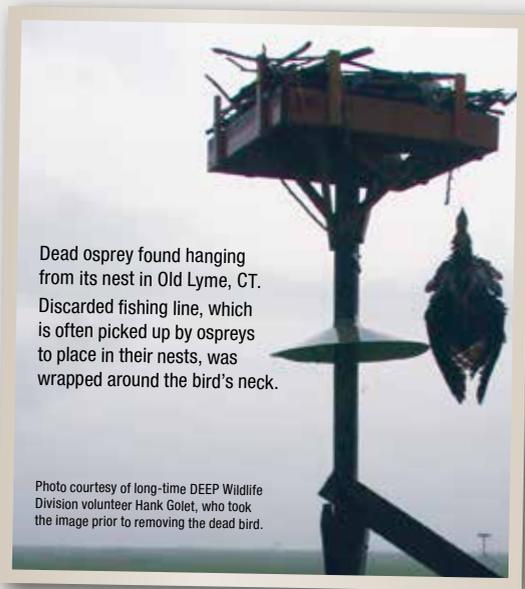

DISCARDED FISHING LINE AND OTHER TRASH

Anglers are reminded that any person who intentionally discards fishing line or other litter in the waters of the state, on public property of the state or on private property not owned by such person is subject to a fine under section 22a-250 of the general statutes.

Each year, DEEP's Wildlife Division receives numerous reports of birds and other animals that have been injured or killed after getting tangled in our trash. Discarded fishing line, hooks, lures and weights are often left behind by unthinking anglers at fishing sites, and have caused serious injury, illness or death to wildlife. Please dispose of these items and all other trash properly.

For line recycling locations, go to:

http://www.ct.gov/deep/lib/deep/wildlife/pdf_files/outreach/fishinglinerecycle.pdf

Dead osprey found hanging from its nest in Old Lyme, CT. Discarded fishing line, which is often picked up by ospreys to place in their nests to wrap around the bird's neck.

Photo courtesy of long-time DEEP Wildlife Division volunteer Hank Golet, who took the image prior to removing the dead bird.

LOWLANDS WHITETAILS HUNTING RANCH

8961 Number Three Road
Lowville, NY 13367

Maybe your dream is to have a 200 SCI point buck hanging on your wall...

or is your dream to watch your child take a trophy buck you can both be proud of...

*Please call us with your dream and let us make it a reality!
We have big-bodied bucks ranging up to and over 250 B&C!*

Environmental Conservation Police

WHAT TO DO WHEN APPROACHED BY AN ENVIRONMENTAL CONSERVATION POLICE OFFICER

Each year, Connecticut Environmental Conservation (EnCon) Police Officers check thousands of hunters, anglers, boaters, and visitors at our state parks and forests. A compliance check by an EnCon Police Officer is an opportunity for outdoor enthusiasts to have positive interactions with officers while enjoying all the outdoor recreation opportunities Connecticut has to offer. EnCon Police Officers can help explain laws and also provide information about outdoor opportunities and conditions in your area. Take advantage of the opportunity to ask the officer questions. They can assist in making your outdoor experience in Connecticut more enjoyable.

EnCon Police Officers are concerned with enforcement of Connecticut laws and regulations that are intended to keep people safe,

EnCon K-9 Sadie with two illegal striped bass she detected.

protect personal property, and conserve the State's natural resources. There are a few actions that you can take to ensure your experience with an EnCon Officer is positive for both you and the officer.

While Fishing and Boating:

EnCon Officers are concerned with boating safety and compliance with fishing regulations when checking anglers. When approached by an officer in a patrol boat you should:

- Maintain your current speed and direction unless signaled to do otherwise or if the patrol boat is displaying flashing blue lights or using a siren, which are signals for you to stop.
- Do not change direction or stop your vessel unless signaled to do so. This will help avoid contact between the vessels that could cause damage or injuries.
- Reel in all fishing lines on the side of the boat that is being approached by the officer. Use care to keep body parts and rod tips out of the space between the boats to prevent injury or damage to equipment.

- If you are operating downriggers, trolling, or operating a bow mounted electric motor, maintain your current speed and direction unless signaled to do otherwise or if the patrol boat is displaying flashing blue lights indicating that you must stop.

We also highly encourage the wearing of personal flotation devices when fishing from a vessel. It is mandatory to wear a PFD by anyone in a manually propelled vessel from October 1 through May 31 and for all children under 13 years old on a vessel that is under way. There are many options now that are comfortable and do not interfere with your fishing enjoyment so please put one on. It can save your life!

We encourage the citizens of our State to assist us with our mission of protecting the State's natural resources by taking an active role in reporting fishing and game violations to our 24 hour toll free number at 1-800-842-4357.

Thank you and good luck!

Colonel Kyle Overturf
Director, State Environmental Conservation Police

Adults & Kids Get Your Youth Fishing Passport!

The perfect way for you to introduce your aspiring angler to the many benefits of fishing. The **FREE** Youth Fishing Passport program is a perfect way to spend quality time together. Getting your passport is easy, sign up online using the sportsmen licensing system www.ct.gov/deep/sportsmenlicensing and then start fishing!

Visit www.ct.gov/deep/yfp for details about:

- 2 great fishing activities
- Sponsors offering discounts or free items
- DEEP's FREE "Learn to Fish" classes

Fish Consumption Advisory

ARE THE FISH I CATCH SAFE TO EAT? 877-458-FISH

The summary of advisories issued in the past by the Connecticut Department of Public Health and Department of Energy & Environmental Protection is updated annually and included as a reminder to anglers. These advisories apply to recreationally-caught fish from Connecticut waters. Individuals in the high risk group should be particularly careful in their fish consumption.

Proper cleaning and cooking methods include: removing the skin, “lateral line” area, belly flaps and dark meat, and broiling or grilling. These methods can reduce PCB levels by 50%.

For More Information

Including the fish consumption fact sheet, a special fact sheet for pregnant women, foreign language summaries, and for updates visit the Department of Public Health (CTDPH) website at: www.ct.gov/dph/fish or call CTDPH.

- **Have health questions:** call CTDPH at 860-509-7740 or toll-free at 877-458-FISH (3474).
- **Have fishing questions:** call CTDEEP at 860-424-FISH (3474).

ADVISORY	WATERBODY	FISH SPECIES	HIGH RISK GROUP ^a	LOW RISK GROUP ^b	CONTAMINANT
Statewide Freshwater Fish	All Fresh Waterbodies (See more restrictive advice for specific waterbodies listed below)	Trout ^c	No Limits on Consumption	No Limits on Consumption	—
		All other fish	One meal per month	One meal per week	Mercury
Specific Freshwater Fish	Dodge Pond, Wyassup Lake, Lake McDonough, Silver Lake (Berlin)	Largemouth Bass, Smallmouth Bass, Pickerel	Do not eat	One meal per month	Mercury
	Housatonic River above Derby Dam (except as listed below for lakes on Housatonic River)	Trout, Catfish, Eels, Carp, Northern Pike	Do not eat	Do not eat	PCBs
		Bass, White Perch	Do not eat	One meal per 2 months	PCBs
		Bluegill, Bullheads, Fallfish	One meal per month	One meal per month	PCBs
		Panfish ^d except for White Perch, Bluegill and Bullheads	One meal per month	One meal per week	PCBs
	Lakes on Housatonic River: (Lillinonah, Zoar, Housatonic)	Trout, Catfish, Eels, Carp, Northern Pike	Do not eat	Do not eat	PCBs
		Bass, White Perch, Fallfish, Bullheads	One meal per month	One meal per month	PCBs
		Panfish ^d except for White Perch, Bluegill and Bullheads	Do not eat	One meal per week	PCBs
	Quinnipiac River (Gorge to Hanover Pond in Meriden)	All species	One meal per month	One meal per month	PCBs
	Connecticut River	Carp	Do not eat	One meal per 2 months	PCBs
		Catfish	Do not eat	One meal per month	PCBs
	Versailles, Papermill Ponds & connecting section of Little River (Sprague)	All species	Do not eat	Do not eat	Mercury, PCBs
	Furnace Brook (Cornwall)	Trout	One meal per month	One meal per month	PCBs
	Blackberry River downstream of “Blast Furnace” (North Canaan)	Smallmouth Bass	One meal per month	One meal per month	PCBs
	Konkapot River (North Canaan)	White Sucker	Do not eat	One meal per month	Mercury
	Brewster Pond (Stratford)	Catfish & Bullheads	Do not eat	Do not eat	Chlordane
Union Pond (Manchester)	Carp, Catfish, Bass	Do not eat	Do not eat	Chlordane	
Specific Saltwater Species	Long Island Sound and connected rivers	Striped Bass over 25"	Do not eat	One meal per month	PCBs
		Bluefish over 25"	Do not eat	One meal per month	PCBs
		Bluefish 13–25" ^e	One meal per month	One meal per month	PCBs
		Weakfish	One meal per month	One meal per month	PCBs
	Mill River (Fairfield) (excluding Southport Harbor)	Blue Crab	Do not eat	Do not eat	Lead

^a **High Risk Group** includes pregnant women, women planning pregnancy within one year, nursing women and children under age 6.

^b **Low Risk Group** includes everyone not in the High Risk Group.

^c Most trout are not part of the advisory and are safe to eat. However, the High Risk Group to eat no more than one large trout (over 15") per month and should not eat trout from the Housatonic River.

^d Panfish include Yellow Perch, White Perch, Calico Bass (Crappie), Rock Bass, bullhead, and sunfish.

^e Bluefish (including snapper blues) under 13" are not on the advisory because they have very low contamination.

Aquatic Invasive Species

Help stop the spread!

A number of aquatic invasive species are established in Connecticut and more are threatening to invade. This year's Angler's Guide focuses on the zebra mussel, as it has notably expanded its distribution in Connecticut during the last several years.

► ZEBRA MUSSEL

Zebra mussels are now found in a number of locations scattered throughout the Housatonic River and its impoundments. Until late 2010 when adult zebra mussels (*Dreissena polymorpha*) were found in Lake Zoar and Lake Lillinonah, zebra mussels had been found (1998) in CT only in East Twin Lake and West Twin Lake (Salisbury). Since 2010, adult mussels have also been found in Lake Housatonic and free-floating juveniles (veligers) have been sampled at several sites in the river in Connecticut from the Massachusetts line downstream to Lake Lillinonah. Surveys completed in late 2012 confirm the continuing presence of zebra mussels adults and free-floating juveniles (veligers) in the Housatonic River and its major impoundments in Connecticut.

One possible source of these mussels is downstream migration from Laurel Lake in Lee/Lenox, Massachusetts. Its short outlet stream drains directly into the Housatonic River. In 2009, an abundant population of zebra mussels was documented in Laurel Lake. Adult mussels were also found that year in the Housatonic River in Massachusetts downstream of the confluence with Laurel Lake's outlet stream. Since then additional small populations have been found at sites in the river in Massachusetts.

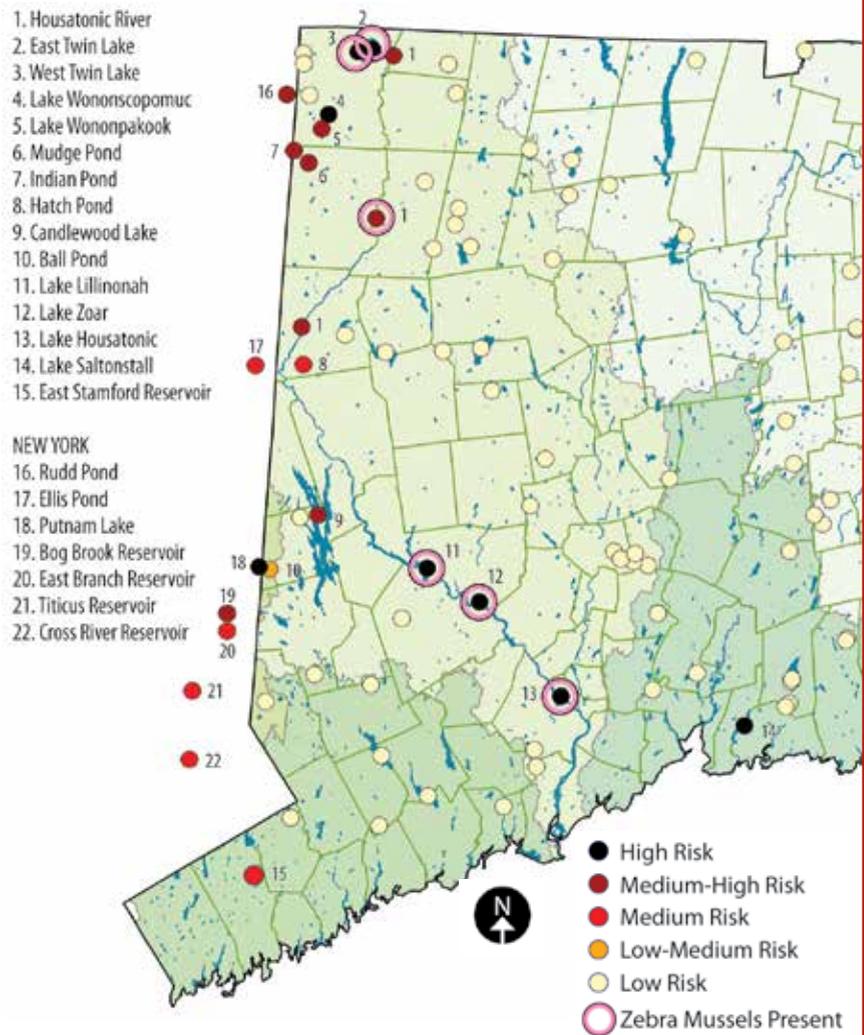

The non-native zebra mussel was first found in North America in Lake St. Clair (Michigan/Ontario) in 1988. Since then they have spread throughout the Great Lakes, the Mississippi River system and most of New York State including Lake Champlain and the Hudson River, and then into a number of western and southwestern states.

Zebra mussels have fairly specific water chemistry requirements and are limited to waters with moderate to high calcium concentrations and pH. In Connecticut, suitable habitat for zebra mussels is mostly limited to a number of water bodies in western portions of the state. Under highly favorable conditions, this invasive mussel can disrupt aquatic ecosystems and is notorious for clogging water intakes and fouling boat hulls and engine cooling water systems.

Zebra mussels and other aquatic invasive species can be inadvertently spread by boats, gear and bait buckets. **Easy "Clean, Drain & Dry" methods to help prevent their spread can be found on the next page.**

Zebra Mussels in Connecticut

Their current known distribution and the susceptibility of additional Connecticut water bodies to colonization by zebra mussels.

In 2011 and 2012, Biodrawversity LLC. conducted zebra mussel surveys in northwest Connecticut, including the upper Housatonic River, to determine the presence or absence of zebra mussels. Selected physical, chemical, and biological attributes of the surveyed water bodies were also documented and combined with existing data to develop a risk assessment for those water bodies. Additionally, a risk assessment was developed that included other water bodies in the state for which relevant water chemistry data were available. Above is a map showing the susceptibility of these water bodies (plus some close by NY waters) to colonization by zebra mussels. All areas assessed as being at medium to high risk of colonization by zebra mussels are located in western Connecticut. (Figure adapted from Biodrawversity LLC. report).

The full report prepared for DEEP by Biodrawversity LLC. can be found online at www.ct.gov/deep/fishing.

- ▶ Remove all aquatic organisms, mud & debris!

Some of the Invasives Found in Connecticut

Many boaters and anglers are familiar with freshwater invasive plants, in Connecticut these include:

EURASIAN WATER MILFOIL was first found in Connecticut in 1979 and has been documented in a number of locations in Connecticut as well as the Connecticut River.

VARIABLE LEAF MILFOIL was first discovered in Connecticut in 1936 and can now be found in a number of locations throughout Connecticut.

HYDRILLA was first discovered in 1989 and can now be found in a few locations scattered throughout the state. Very aggressive and can outcompete native and invasive species.

FANWORT was first observed in Connecticut in 1937 and is now widely distributed throughout the state.

WATER CHESTNUT was first discovered in Connecticut in 1999 and can be found in a number of locations throughout the state including scattered sites along the Connecticut River, several tributaries and connected. Water chestnut appears to be expanding its distribution in Connecticut. Annual plant that spreads via sharp, spiny fruits.

New arrivals to Connecticut include:

(2011) DIDYMO is a freshwater alga that under suitable conditions can form extensive blooms. Prefers cold, low-nutrient streams. In Connecticut, didymo has only been found in one area, the upper West Branch Farmington River near Riverton.

(2012) CHINESE MITTEN CRAB A juvenile Chinese mitten crab was collected from the Mianus River in Greenwich. This is the first confirmed report of this invasive in CT. This crab reproduces in saltwater but spends most of its life in freshwater.

A Chinese mitten crab captured at Chesapeake Beach, MD in 2007 (image courtesy of the Smithsonian Environmental Research Center).

More information on these and other invasive species in Connecticut can be found online at: www.ct.gov/deep/invasivespecies.

Please prevent new introductions of invasive plants and animals; **CLEAN, DRAIN, DRY** your boat and gear.

STOP AQUATIC HITCHHIKERS!

Prevent the transport of nuisance species.
Clean all recreational equipment.
www.ProtectYourWaters.net

YOU CAN HELP!

CLEAN, DRAIN, DRY. You can help prevent the spread of problem species by following these simple suggestions.

BEFORE LEAVING A BOAT LAUNCH

- **CLEAN**—Inspect your boat, trailer and equipment. Remove and discard all aquatic plants and animals, mud and debris you may have picked up while on the water.
- **DRAIN**—Completely drain all water from the boat, including bilge water, livewells and engine cooling systems.

AT HOME

- **DRY**—Dry anything that came in contact with the water (boats, trailers, trailering vehicle) for at least one week.
- or
- **WASH**—Rinse boat, trailer and equipment with hot water (high pressure if possible). A bleach solution can be used to clean livewells. Dispose of all rinse materials properly!

REMEMBER

- Do not dump your bait bucket or release live bait! Avoid introducing unwanted plants and animals. Unless your bait was obtained on site, dispose of it in a suitable trash container.
- Do not transport fish, other animals or plants between water bodies. Release caught fish, other animals and plants only into the waters from which they came.

IT'S THE LAW! (CGS 15-180, CGS 22a-381d)

- Boaters must inspect their vessel for vegetation and listed invasive invertebrates (zebra mussel, quagga mussel, Chinese mitten crab, New Zealand mud snail, Asian clam, rusty crayfish) and properly remove and dispose of any vegetation or invasives before transporting the vessel. You can be fined \$95 per violation.
- The importation, transportation, sale, purchase, possession, cultivation or distribution of a number of invasive plants including the following aquatic plants is prohibited:
 - Curly leaved pondweed, Fanwort, Eurasian water-milfoil, Variable water milfoil, Water chestnut, Egeria, Hydrilla, Common reed, Purple loosestrife, Pond water-starwort, Parrot-feather, Brittle water-nymph, American water lotus, Yellow floating heart, Giant salvinia, Yellow iris, Watercress, Onerow yellowcress. Violators can be fined \$50 per plant!

WEBSITES OF INTEREST

INLAND FISHING

INVASIVE SPECIES ALERT — COVENTRY LAKE

Hydrilla, a highly invasive aquatic plant, was found in Coventry Lake in the fall of 2015. Fragments of this plant were found floating near the state boat launch, and a subsequent detailed survey discovered several small patches growing in the lake. This is the first documented occurrence of this plant in a public waterbody in Connecticut. **All lake users should take extra care to check and clean their boats (including canoes, kayaks and rowing sculls), trailers, and fishing equipment before leaving the boat launch, or leaving the lakeshore.**

FISHWAYS AND FISHING

Fishing is prohibited in the area immediately downstream or upstream of a fishway, generally for a distance of 250 feet from the fishway. Note that at some fishways, this distance may vary from 250 feet.

At locations where the distance from the fishway does differ from 250 feet, the boundaries of the “no-fishing” area will be as posted by DEEP (look for signs and/or large rocks painted red marking the boundaries).

Anglers with questions about the “no-fishing” zones around any of the over 60 fishways in the state should contact DEEP’s Diadromous Fisheries Restoration Program (Inland Fisheries Division) at 860-434-6043.

DO YOUR PART FOR WETLAND CONSERVATION — BUY A CONNECTICUT DUCK STAMP!

The Connecticut Duck Stamp Program provides the sole source of funding for many of the wetland projects that are conducted in the state. These projects benefit the approximately 274 fish, birds, mammals, amphibians, and reptiles of the state that rely upon clean, healthy wetlands. All waterfowl hunters are required to purchase a Duck Stamp, but those interested in wetland conservation also buy stamps. CT Duck Stamps may be purchased for \$13.00 wherever hunting and fishing licenses are sold and at www.ct.gov/deep/sportsmenslicensing.

BE A RESPONSIBLE ANGLER

Protecting both the resource and your access to the resource requires more than simply knowing and following the fishing regulations!

Respect Private Property

- Do not cast onto docks or into permitted swim areas (when in doubt, cast elsewhere).
- Ask permission before fishing from shore, or wading on private property.

Don't Litter, Don't Pollute

- Keep your boat and motor properly maintained.
- Retrieve all lures and gear.
- Don't release live bait.
- Leave your fishing area cleaner than you found it!

Be A Safe Boater

- Obey boating regulations, and check your safety gear frequently!

Be A Good Neighbor

- Treat fellow anglers, other recreational users and property owners with courtesy.
- Always be willing to share both the resource and your knowledge.

And always use common sense and be courteous!

Inland District Statewide Species Regulations

DETERMINING REGULATIONS

A summary of the *Statewide Species Open Seasons, Legal Methods and Length & Daily Creel Limits* is listed in the table on page 25. **The regulations on many water bodies differ from the statewide regulations.**

Use this two-step process to determine regulations on a specific waterbody:

1. Check the table on page 25 for the general statewide regulations.
2. Refer to the specific waterbody in the alphabetical listings of *Lakes & Ponds* (pages 32–41) or *Rivers & Streams* (pages 44–52) for special site-specific regulations. If no site-specific

regulations are listed for a waterbody, statewide regulations apply for seasons, methods, and/or limits.

Unless otherwise indicated in the *Lakes & Ponds* and *Rivers & Streams* listings:

- Lakes and ponds are open year-round.
- Rivers & streams are open from 6:00 a.m. on the 2nd Saturday in April through the last day of February (Closed to all fishing from March 1st to 6:00 a.m. on the 2nd Saturday in April).

The open seasons listed in this table do not apply in areas closed to all fishing during a period of the year.

Lower River/Tidal Waters

Designated rivers & streams with no closed season. These include the entire Connecticut and Thames Rivers, and downstream portions of the Coginchaug, Farmington, Housatonic, Mattabeset, Mystic, Naugatuck, Niantic, Quinnipiac, Salmon and Yantic rivers. Check individual waterbody listing for boundaries.

For more information on **Legal Methods & Gear, Length Limits, Creel & Possession Limits** and **Species**, refer to the definitions on pages 26–27.

Note: Regulations for several marine species found in the Inland District are subject to change.

SPECIES	NOTES	LEGAL METHODS	AREA	OPEN SEASON*	MINIMUM LENGTH	DAILY CREEL LIMIT
Alewife/Blueback Herring	Daily creel limit is for both species in aggregate.	Taking of anadromous alewife & blueback herring from all Connecticut waters is prohibited. Emergency closure is in effect. See page 28 for more information. Exception: Landlocked alewife only may be taken from specific lakes. See page 28 for list of lakes. Methods, seasons & creel limits for these lakes are as follows:				
		Angling	Lakes & Ponds (see page 32)	Open year-round*	None	25
		Scoop Net	Lakes & Ponds (see page 32)	April 1 – June 15	None	25
American Eel	Spearing and bow and arrow use prohibited in streams or stream sections stocked with trout. Spearing prohibited in all lakes & ponds. The taking of elver eel, glass eel and silver eel is prohibited.	Angling, Icefishing, Bobbing, Bow and Arrow, Spearing	All areas	Open year-round*	9"	25
American Shad	Harvest of American shad allowed only in the Connecticut River system.	Angling	Connecticut River (including tributaries open year-round)	Open year-round	None	6
Atlantic Salmon	Taking of Atlantic Salmon is prohibited. Exception: Atlantic Salmon Broodstock Fisheries (see page 28)					
Largemouth Bass & Smallmouth Bass	Daily creel limit is for both species in aggregate.	Angling, Icefishing	Lakes & Ponds	Open year-round*	12"	6
			Rivers & Streams	Open year-round*	None	6
			Connecticut River	Open year-round	12"	6
Carp, Bowfin, Tench, Suckers & Lampreys	Spearing and bow and arrow use prohibited in streams or stream sections stocked with trout. Spearing prohibited in all lakes & ponds.	Angling, Icefishing, Bobbing, Bow and Arrow, Spearing	All areas	Open year-round*	None	None
Chain Pickerel	—	Angling, Icefishing	Lakes & Ponds	Open year-round*	15"	6
			Rivers & Streams	Open year-round*	None	None
Hickory Shad	Daily creel limit is in aggregate with American shad.	Angling, Icefishing, Scoop Net	All areas	Open year-round*	None	6
Kokanee	—	Angling, Icefishing	All areas	2 nd Saturday in April – last day in February	None	5
Northern Pike	—	Angling, Icefishing	All areas	Open year-round*	26"	2
Panfish**	Except White Perch, see below.	Angling, Icefishing, Bobbing	All areas	Open year-round*	None	None
Smelt	Taking of smelt in rivers & streams is prohibited.	Angling & Icefishing	Lakes & Ponds	Open year-round*	None	50
Striped Bass	—	Angling	All areas	Open year-round*	28"	1
Sturgeon, Burbot	Taking of sturgeon and burbot prohibited.					
Trout (Brook, Brown, Lake, Rainbow, Tiger & other hybrids)	—	Angling, Icefishing	Lakes & Ponds, Rivers & Streams	2 nd Saturday in April – last day in February	None	5
			Lower Rivers/Tidal Waters	Open year-round*	15"	2
White Perch	—	Angling, Icefishing, Bobbing	Connecticut River (including Coves & Tributaries)	Open year-round*	7"	30
			Tidally influenced Rivers & Streams	Open year-round*	None	None
Walleye	—	Angling, Icefishing	All areas	Open year-round*	18"	2

*Except in areas closed to all fishing during a period of the year.

**Yellow Perch, White Perch, Calico Bass (Crappie), Rock Bass, bullheads, all species of catfish, and all species of sunfish.

Inland Regulations & Definitions

The following provisions are taken from the inland district sport fishing regulations, and do not apply to taking fish from licensed commercial hatcheries, private waters legally registered with DEEP, or to commercial fishing in the inland district. Information on commercial fishing in the inland and marine districts is available on request.

ANGLING Fishing with hook and line, which must be personally attended. No more than three lines, with or without rods, may be used at one time, except in the designated Trout Management Areas, Wild Trout Management Areas, Trout Parks, Sea-run Trout Streams and Trophy Trout Streams where the maximum number of lines that can be used is two, with or without rods.

BAIT Any animal or vegetable, or their parts, living or dead, used with a hook for the purpose of attracting and catching fish. Any fish legally acquired, except largemouth bass, smallmouth bass, chain pickerel, northern pike, trout, salmon, carp and goldfish may be used as bait.

BAIT SPECIES The following species of fish, amphibians, aquatic insects and crustaceans may be taken by sport fishermen for personal use (a recreational fishing license is required), but may only be sold if taken under an inland commercial bait license (Go to www.ct.gov/deep/fishinglicense and use the "Open-Access License application" link).

- **Bait species:** Common shiner, golden shiner, fallfish, creek chub, spot-tail shiner, bridle shiner, blacknose dace, longnose dace, pearl dace, bluntnose minnow, fathead minnow, cutlips minnow, chub sucker, white sucker, killifish, mummichog, Atlantic & tidewater silverside, sand lance, frogs (except northern leopard frog), crayfish (except rusty crayfish), perch bugs, hellgrammites and mayfly nymphs.

- **The legal methods for taking the bait species listed above are as follows:**

- **Rivers & streams:** Bait species may be taken at any time with seines not over 15 ft. long and 4 ft. deep, bait traps not over 20 inches long and 15 inches in diameter, and umbrella nets not over 4 ft. by 4 ft.

- **Lakes & ponds:** Bait species may be taken at any time with bait traps not over 20 inches long and 15 inches in diameter and umbrella nets not over 4 ft. by 4 ft. Seines shall not be used in lakes and ponds except those designated by the DEEP as open to commercial taking of bait. Where posted, taking, use or possession of fish as bait is prohibited in lakes and ponds.

- **All inland waters:** During the open season for fishing, the species listed above may also be taken by hand, angling and scoop net.

BARBLESS HOOK A curved, pointed device, without a barb, used to catch fish. Barbless hooks may be single, double or treble, and each point must be without a barb. For the purposes of this regulation, hooks manufactured with a barb are considered barbless if the barb has been bent down to the hook, broken off or otherwise made ineffective.

BOBBING Fishing with a ball or mass of worms or other bait attached to a hookless line held in the hand or a line attached to a rod held in the hand.

BOW AND ARROW FISHING Common carp, bowfin, tench, white suckers, American eels and sea lampreys may be taken with a bow and arrow. These species may be taken by archery in streams and stream sections not stocked with trout, and in lakes and ponds, and only taken during the open season for fishing in those waters. Use of crossbows is prohibited. A fishing license is required.

CAST NET A net weighted at the edges which is cast out over bait to capture it in shallow water. The use of cast nets is prohibited in inland waters.

CHILDREN'S FISHING AREA Angling in such areas is restricted to children under sixteen years of age when posted as such.

CLOSED SEASON That period of time during which all fishing is prohibited in the area specified.

DAILY CREEL LIMIT The quantity or number of fish of a species or species group that can be taken by an individual angler during the period from 12:01 a.m. to midnight.

DOWNRIGGER A device, supplemental to a fishing line, used to deploy, via an electric or handpowered winch, reel or spool that projects over the side or stern of a boat and is used as a hoist, main line and terminal weight, one or more fishing lines to a desired depth in the water column.

FISHHOOK or HOOK A curved, pointed device, with or without barb, used to catch fish. Hooks may be single, double or treble and each point shall be considered as a single hook.

FISHING OR SPORT FISHING Taking or attempting to take fish. In the Inland District, fishing is limited to angling, bow and arrow fishing, bobbing, ice fishing, snagging or snatching, spearing, scoop netting, and taking or attempting to take fish by hand.

FLOAT (BOBBER) Any buoyant object attached to a fishing line. No floats may be used unless personally attended.

FLY A single or double hook dressed with hair, feathers, tinsel, thread, yarn or similar material to which no bait, spinner, spoon, plug or other device is added.

FLY FISHING Angling with the use of a fly reel, fly rod, fly line, leader and a fly or flies. Extra weight may be built into the fly in its construction, as in a weighted nymph, and additional weight may be attached to the leader or line. The use of strike indicators is permitted.

GAFF A spear or hook, with or without a handle, used for holding or lifting fish. The use of a gaff to land or assist in landing a fish is prohibited in the inland district.

HAND-HELD JIG A rod, jig stick or line held in the hand used for fishing through the ice.

ICE FISHING Not more than six tip-ups, floats (bobbers), similar devices, or hand-held jigs or any combination thereof not exceeding six in the aggregate may be used at one time. Not more than three baited hooks, with or without attractors, or three ice flies, or three artificial lures, or any combination thereof not exceeding three in the aggregate may be used with each tip-up, float (bobber), or similar device or hand-held jig. Devices must be personally attended. The name and address of the user must be legibly stamped on or attached to all devices.

INLAND DISTRICT Is the area inland of the demarcation lines as listed on page 54.

LEADCORE LINE A fishing line constructed with a metal core.

MINIMUM LENGTH Measured from the tip of the snout to the end of the tail. No person shall possess any fish less than the lengths specified and any fish less than the minimum length, shall, without avoidable injury, be immediately returned to the water from which taken.

PANFISH Includes yellow perch, white perch, calico bass, rock bass, bullheads, all species of catfish, and all species of sunfish.

POSSESSION LIMIT The total number of fish of any species or species group that may be possessed by one person either on the person, on the waters of the state, the shores of these waters, or in any type of vehicle and may not exceed the creel limits for one day, as listed in this pamphlet. Fish so possessed shall be intact to the extent that neither the heads nor tails have been removed. Note that this does not restrict the number of legally acquired fish that may be kept in storage at home.

SCOOP NET A manually operated, flexible mesh net attached to a hoop which is attached to a handle. The hoop may not be over 36 inches across the widest point and the mesh bag may not be more than 36 inches in depth at its deepest point. The use of any such net constructed of metal mesh or stiff plastic mesh is prohibited.

SEINE NET A net weighted at the bottom, with top floats, that is used to encircle fish.

SET LINE A line with one or both ends secured to the shore, or to a fixed or buoyant object in the water which is used for fishing and is not personally attended. Use of set lines in the inland district is prohibited.

SLOT LENGTHS Length limits designated to reduce or increase the taking of fish by anglers.

- **Protected slot lengths:** Lengths between which fish may not be kept by anglers.
- **Open slot lengths:** Lengths between which fish may be kept by anglers.

SNAGGING or SNATCHING The taking of fish by foul hooking, that is hooking fish in any part of the body other than the mouth. Snagging is prohibited in all waters in the Inland District except that, in streams open to fishing throughout the year, menhaden, alewives and blueback (glut) herring may be taken by these methods. Anglers are reminded that there currently is an emergency ban on the taking of anadromous alewife and blueback herring (see page 28).

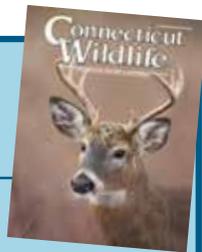

SPEARING The use of any pointed instrument, with or without barbs, propelled solely by hand. Common carp, bowfin, tench, American eels, white suckers and sea lampreys may be taken by spearing in streams or sections of streams not stocked with trout during the open seasons for fishing in such waters. Prohibited in lakes and ponds. Underwater spear fishing and the use of any type of spear gun is prohibited in all waters within the Inland District.

STRIKE INDICATOR Means a brightly colored, highly visible tab, sleeve or bead or similar material used in fly fishing. Such devices may be attached to the line or leader when used in areas restricted to fly fishing only.

TAKE or TAKING Killing, capturing or otherwise rendering into possession, any fish or bait species, or attempting to kill, capture or rendering into possession, or assisting in taking or attempting to take any fish or bait species.

TROUT Include brook (charr), brown, lake, and rainbow trout and their hybrids.

DISABLED ACCESS

These areas in the Inland District provide fishing access with primary use intended for persons with disabilities. Check the *Coastal Launch and Coastal State Park Sections* (pages 61–55) for areas in the Marine District.

- **Angus Park Pond, Glastonbury:** Off Manchester Road (Route 83) turn east on Fisher Road: Located on upper dike in Town Park.
- **Beachdale Pond, Voluntown:** Route 149 next to boat access area.
- **Beaver Brook Ponds, Windham:** Off Back Road at dam/access area.
- **Bigelow Pond, Union:** At boat launch in Bigelow Hollow SP.
- **Billings Lake, North Stonington:** At dam adjacent to boat access area.
- **Black Pond, Meriden-Middlefield:** Adjacent to boat ramp.
- **Bladens Brook, Seymour:** Access only by permission of Seymour Land Conservation Trust.
- **Connecticut River-Haddam Meadows State Park, Haddam:** Dock at the boat launch in Haddam Meadows State Park.
- **Connecticut River-Salmon River Cove, East Haddam:** Dock at state boat launch.
- **Coventry Lake (Wangumbaug Lake), Coventry:** At state boat launch.
- **Day Pond, Colchester:** Off Route 149 at dam in Day Pond SP.
- **Eagleville Lake, Coventry-Mansfield:** On dam off Route 275.
- **Eight Mile River, East Haddam:** Devil's Hopyard SP.
- **Farmington River—West Branch, Barkhamsted:** Off dirt road south of Route 318.
- **Farmington River, Unionville:** On Farmington Land Trust (www.farmingtonlandtrust.org) property upstream from Route 177 (between River Road and Railroad Avenue, southerly side of river).
- **Gardner Lake, Salem-Montville-Bozrah:** On dam at Lake Road.
- **Higganum Reservoir, Haddam:** Off Route 81 on northeast shore.
- **Highland Lake, Winchester:** At state boat launch.
- **Holbrook Pond, Hebron:** On dam adjacent to access area.
- **Hopeville Pond, Griswold:** At end of State Park campground.
- **Lake Saltonstall, Branford:** At SCCRWA access area off Hosley Avenue.
- **Mansfield Training Center Pond, Mansfield:** Located just east of the junction of Routes 44 & 32.
- **Mashapaug Lake, Union:** Off the dock at boat launch in Bigelow Hollow SP.
- **Mill River, Hamden:** At Clark's Pond Dam.
- **Pattaconk Lake (Russell Jennings Pond), Chester:** Located between dam and beach in Pattaconk Recreation Area.
- **Salmon Brook (East Branch), Granby:** East side of river just above Route 20.
- **Salmon River Fly Area, Colchester:** 0.9 miles north of Route 16 on River Road.
- **Salmon River, East Hampton:** South end of picnic area off Gulf Road just south of Route 16.
- **Saugatuck Reservoir, Easton-Redding-Weston:** Parking area near dam.
- **Scoville Reservoir, Wolcott:** At town boat launch.
- **Southford Falls Pond, Oxford-Southbury:** In Southford Falls SP.
- **Squantz Pond, New Fairfield:** Near Squantz Pond SP boat launch.
- **Stratton Brook Park Pond, Simsbury:** In Stratton Brook SP.
- **Walkers Reservoir (East), Vernon:** Turn south near Route 31 and I-84 junction on Reservoir Road.

Note that many trout parks and other areas identified in the guide as "family friendly" may be suitable for some individuals with mobility challenges that don't need or want a formal structure such as those found at the sites listed above.

Broodstock Atlantic Salmon & River Herring

BROODSTOCK ATLANTIC SALMON:

Seasons, Creel Limits & Methods for the period from December 1, 2015–March 31, 2017

	OPEN SEASON	DAILY CREEL LIMIT	LEGAL METHODS (all seasons)
RIVERS	December 1, 2015 through March 31, 2016	One (1) salmon per day	Fishing for Atlantic Salmon is limited to use of a single fly or artificial lure with a single free-swinging hook . Additional weight may not be added to the line. Snagging is strictly prohibited.
	April 1, 2016 to 6:00 a.m., April 9, 2016	Salmon fishing closed	
	6:00 a.m., April 9, 2016 through August 31, 2016	One (1) salmon per day	
	September 1, 2016 through November 30, 2016	Catch and release only	
	December 1, 2016 through March 31, 2017	One (1) salmon per day	
LAKES	Seasons and Methods in lakes stocked with broodstock Atlantic salmon are the same as for trout in that water body except that the Daily Creel Limit is One (1) salmon per day. See specific water body listing in the Lakes & Ponds section.		

The regulations for broodstock Atlantic Salmon are different between lakes and rivers and also vary by date. If you have any questions about these regulations please contact DEEP fisheries staff at 860-424-FISH (3474) (Hartford), 860-295-9523 (Marlborough), or 860-485-0226 (Harwinton).

ATLANTIC SALMON BROODSTOCK FISHING

While the Federal Government and other New England states have discontinued the restoration program, Connecticut has transitioned to a “Legacy Program” and will be maintaining enough Atlantic Salmon to preserve genetic integrity of the Connecticut River strain. As a result DEEP will continue stocking, in reduced numbers, fry and surplus broodstock each year. To support the unique broodstock Atlantic Salmon fisheries that have been established on the Naugatuck and Shetucket rivers, as well as selected lakes and ponds stocked at various times (Beach Pond, Crystal Lake, Mashapaug Lake and Mount Tom Pond), DEEP will also produce about 1,000–1,200 2–3 year old fish (average weight of 2–5 pounds) annually. These fish are being grown and stocked specifically for this recreational fishery and are stocked before they produce eggs.

Fishing for broodstock Atlantic salmon in rivers is allowed only in the following areas:

- **Naugatuck River:** From the confluence of the East and West Branches (Torrington) downstream to the Housatonic River.
- **Housatonic River:** Entire river downstream of the Derby Dam.
- **Shetucket River:** Downstream from the Scotland Dam (Windham) to the Water Street Bridge (Norwich).

Salmon are Stocked into Three Designated Broodstock Areas:

- **Naugatuck River:**
 - From Route 118, Litchfield-Harwinton, downstream to the Thomaston Dam (Upper section).
 - From Prospect Street, Naugatuck, downstream to Pines Bridge Road, Beacon Falls (Lower section).
- **Shetucket River:** From the Scotland Dam, Scotland, downstream to the Occum Dam, Norwich.

Designated Broodstock Area Fishing Restriction

From October 1 to March 31, angling for all species in the designated salmon broodstock areas on the Naugatuck and Shetucket Rivers is restricted to fishing methods that are legal for Atlantic salmon (a single fly or a lure with a single free-swinging hook only). Additional weight may not be added to the line. Anglers are reminded that the season is closed from March 1st to the 2nd Saturday in April for all species other than broodstock Atlantic salmon except in the upper Naugatuck River Broodstock Area. This area is within the Naugatuck River TMA, which is open year-round for trout (catch-and-release only).

Important Note

Adult Atlantic Salmon returning from saltwater to freshwater in the Connecticut River system are no longer being captured, removed, and held at a hatchery. There is a possibility that an angler could catch one of these large returning fish. These salmon are protected and it is illegal to fish for them and any fish accidentally captured must be released to the water immediately. Some of these fish may have a yellow tag present just behind the dorsal fin. We would appreciate the reporting of any such accidental captures to Steve Gephard at 860-447-4316.

ALEWIFE & BLUEBACK HERRING

Emergency Fishery Closure is in effect:

Taking of anadromous alewife and blueback herring is **prohibited** from all Connecticut waters including Long Island Sound.

Alewife and blueback herring (collectively termed “river herring”) runs have been declining. While the reasons for the decline are not fully understood, the DEEP believes it is mostly due to predation by increasingly abundant striped bass. Healthy river herring populations are needed to provide food for many species.

To restore herring runs, the DEEP is taking a number of actions including removing dams, building fishways, reintroducing pre-spawn adults into streams that had previously supported runs, and eliminating harvest. An immediate recovery is not expected. However, this closure may reduce the threat of further declines and enable river herring populations to recover more quickly in favorable years.

This emergency closure will be in place through at least March 2017 and will likely be extended. Check the DEEP website (www.ct.gov/deep) or contact DEEP Inland Fisheries (860-424-3474) or Marine Fisheries (860-434-6043) for more information.

Landlocked Alewife

Landlocked alewife populations are established in several Connecticut lakes and ponds. Landlocked alewife may be taken by angling or scoop net only from the following lakes:

- Amos Lake
- Ball Pond
- Beach Pond
- Candlewood Lake
- Crystal Lake (Ellington)
- Highland Lake
- Mount Tom Pond
- Quassapaug Lake
- Quonnipaug Lake
- Squantz Pond
- Uncas Lake
- Waramaug Lake

Neighborhood Fishing Opportunities

Channel Catfish:

Channel Catfish Stocking

-  Adult Fish Only
-  Yearling Fish Only
-  Yearling and Adult Fish

- Stocked as either yearlings (6"– 8") or adults (14" or more)
- The purchase of channel catfish is provided through federal Sportfish Restoration program funding
- Excellent to eat try blackened, Cajun, deep fried, or broiled)
- Reach large size (CT record = 29 lbs. 6 oz.)
- Are easy to catch year round
- No size limit or daily limit (as of 2014)

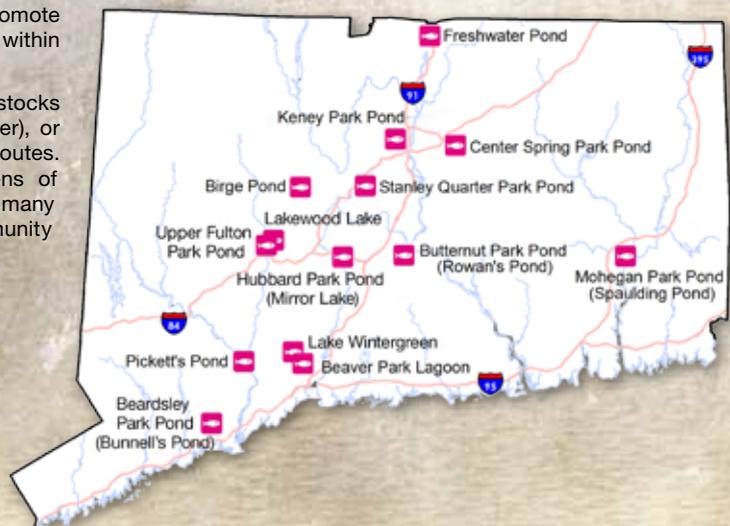

Community Fishing Waters Program:

DEEP and local communities working together to promote natural resources and outdoor recreation opportunities within urban neighborhoods.

As part of the community fishing waters program DEEP stocks trout (spring), channel catfish (late spring/early summer), or both, into waters on or close to public transportation routes. Stocking these waters within close proximity to tens of thousands brings a high quality fishing experience to many CT residents. Be sure to cast a line into one of our Community Fishing Waters today!

Scan the code for more information about the Community Fishing Waters Program:

Record Freshwater Fish

Red type signifies a new state record for 2015.

LOOKING TO GET THE LEAD OUT?

Lead is a metal which, in sufficient quantities, can negatively affect the nervous and reproductive systems of animals and humans. Most fishing jigs and sinkers have historically been made with lead.

Wildlife such as eagles, loons, and other waterfowl can be poisoned by lead they've consumed. Hooked fish can ingest or retain attached lead fishing tackle such as hooks and jigs, and become a potential pathway of lead exposure for predatory birds consuming fish containing such lead fishing gear. In addition, lost or discarded lead fishing weights and other lead fishing tackle of smaller sizes can be ingested by wildlife, particularly dabbling and diving water birds such as swans, ducks, geese and loons.

There are alternatives to lead, made from non-poisonous materials such as tin, bismuth, steel, tungsten and glass that are available at established sporting goods retailers and on the internet. These will be more expensive than lead, but will be more environmentally benign, and as demand continues to grow, prices are expected to drop.

Consider asking for non-lead alternatives when purchasing new tackle or replacing old.

Websites for more information on lead sinkers include:

- **Minnesota Pollution Control Agency:** www.pca.state.mn.us/sinkers
- **US EPA:** <http://water.epa.gov/scitech/swguidance/fishshellfish/animals.cfm>
- **NY DEC:** <http://www.dec.ny.gov/outdoor/7908.html>

Lakes & Ponds

Statewide regulations for seasons, legal methods, and limits (page 25) apply unless a site-specific regulation is listed for a water body.

The following lakes and ponds are available for public fishing through the courtesy of the owners or state ownership.

Determining fishing regulations is a simple two-step process:

1. Check the regulation table (page 25) for general statewide Species, Legal Methods, and Limits regulations.
2. Look up the **waterbody** in the alphabetical list of lake and ponds to find any special regulations that apply. If no site-specific regulations are listed for a waterbody, statewide regulations apply.

Lake and Pond Legend

-  Public boat launching area
-  Cartop boat launching area
-  Facilities for disabled
-  State campground
-  Shore fishing access
-  Family friendly fishing location
-  State picnic area

Special Management Lakes are color-coded for major gamefish species

ALLEN BROOK POND, Wallingford, (see Wharton Pond)

ALEXANDER LAKE, Killingly (215 acres)

- **Note:** No public access.
- **Species:** (LMB SMB CP S BB WP YP)
- **Season:** Open 6:00 a.m. 2nd Saturday April–last day February.
- **Other:** The possession and use of any live alewives, blueback (glut or river) herring, gizzard, hickory or threadfin shad as bait is prohibited. Motor size limit—12 cu in (Approx. 10 hp).

AMOS LAKE, Preston (113 acres)

 **TROUT MANAGEMENT LAKE / BASS MANAGEMENT LAKE**

- **Species:** (T CP LMB BB AE YP S)
- **Season:** Open 6:00 a.m. 2nd Saturday April–March 31.
- **Largemouth & smallmouth bass:** 12" to 18" protected slot limit. Daily creel limit—6 bass, only 1 may be 18" or greater.
- **Trout:** From March 1–March 31, Daily creel limit—1, 16" minimum length.
- **Other:** 8 mph speed limit. See 2016 Boater's Guide for summer exemption.

ANDERSON POND (Blue Lake), North Stonington (57 acres)

 **Species:** (LMB CP CB S BB YP)

ANGUS PARK POND (Eastbury Pond), Glastonbury (9.4 acres)

-  **Species:** (T CP LMB S BB YP)
- **Season:** Open 6:00 a.m. 2nd Saturday April–October 31.
- **Other:** Boats and canoes prohibited.

ASHLAND POND, Griswold (89 acres)

Species: (LMB CP YP S)

ASPINOOK POND, Lisbon/Griswold/Canterbury (301 acres)

Informal boat access off Butts Bridge Road, no facilities. Commercial launch (fee charged) at private campground off Ross Hill Road.

- **Species:** (LMB WP YP S CA CB)
- **Other:** Butts Bridge is the demarcation line between the pond and the Quinebaug River.

AVERY POND, Preston (36 acres)

-  **Species:** (CP LMB YP BB S)
- **Other:** 8 mph speed limit.

BABCOCK POND, Colchester (119 acres)

-  **Species:** (LMB YP S CP BB)
- **Other:** 8 mph speed limit.

BACKWATER POND, Thompson

-  **Season:** Open year-round.

BALD MOUNTAIN POND, Stafford (1 acre)

-  **Species:** (T BB S)
- **Season:** Open 6:00 a.m. 2nd Saturday April–last day February.

BALDWIN'S POND, Meriden (5.4 acres)

-  **Species:** (T)
- **Season:** Open 6:00 a.m. 2nd Saturday April–last day February.

BALL POND, New Fairfield (83 acres)

-  **Species:** (T LMB BB S YP)
- **Season:** Open 6:00 a.m. 2nd Saturday April–last day February.
- **Other:** Vessels with motors attached prohibited.

BANTAM LAKE, Morris-Litchfield (947 acres)

NORTHERN PIKE LAKE
Species: (NP SMB LMB WP CB YP S BB)

- **Northern Pike:**
 - » May 1–Nov. 30: Daily creel limit—2, 26" minimum length.
 - » Dec. 1–last day Feb.: Daily creel limit—1, 36" minimum length.
 - » March 1–April 30: Closed to northern pike fishing.
- **All Other Species:** Open year round, statewide regulations apply.
- **Other:** Motors prohibited 11 p.m. to 5 a.m. Use of internal combustion motors prohibited on the Bantam River between Bantam Lake and the inlet to Little Pond.

BARBER POND, Bloomfield (9.4 acres)

- **Species:** (S)
- **Season:** Open 6:00 a.m. 2nd Saturday April–last day February.
- **Other:** Boats and canoes prohibited except between May 16 and October 31. Use of all motors prohibited.

BASHAN LAKE, East Haddam (273 acres)

-  **BASS MANAGEMENT LAKE**
Species: (T LMB SMB CP CB YP S)
- **Season:** Open 6:00 a.m. 2nd Saturday April–last day February.
- **Largemouth & smallmouth bass:** 12" to 16" protected slot limit. Daily creel limit—6 bass, only 2 may be 16" or greater.
- **Other:** 35 mph speed limit days, 6 mph limit ½ hour after sunset to 8 a.m.

The boating laws and regulations provided in this guide are brief summaries of selected state boating safety statutes and regulations, and local ordinances. For complete boating regulations and additional information, please refer to the 2016 Connecticut Boater's Guide which can be obtained from the DEEP Boating Division (860-434-8638).

Lakes and Ponds open year-round (no closed season) unless otherwise stated.

BATTERSON PARK POND,

Farmington (140 acres)

WALLEYE LAKE / CATFISH LAKE

Channel catfish first stocked in 2013.

- **Species:** (CB YP WP S LMB WA)
- **Season:** Open year-round.
- **Other:** Use of internal combustion engines prohibited.

BAUMMER POND, Naugatuck (2.7 acres)

- **Species:** (T BB S)
- **Season:** Open 6:00 a.m. 2nd Saturday April–last day February.

BEACH POND,

Voluntown – Rhode Island (372 acres)

WALLEYE LAKE

- **Species:** (T LMB SMB CP S YP WA)
- **Note:** Connecticut or Rhode Island fishing license legal on entire pond. Rhode Island regulations apply for bass and pickerel.
- **Season:** Open 6:00 a.m. 2nd Saturday April–last day February.
- **Largemouth & smallmouth bass:** Daily creel limit—5 bass, 12" minimum length.
- **Chain Pickerel:** Daily creel limit—5, 14" minimum length.
- **Broodstock Atlantic salmon have been stocked several times into this lake, first in 2007 and most recently in December, 2015. Regulations for salmon are the same as for trout except:** Daily creel limit—1 Atlantic salmon.
- **All Other Species:** CT Statewide regulations apply.
- **Other:** No more than six tip-ups may be used when ice-fishing.

BEACHDALE POND, Voluntown (46 acres)

- **Species:** (LMB T YP BB)
- **Season:** Open 6:00 a.m. 2nd Saturday April–last day February.
- **Other:** 8 mph speed limit.

BEACHLAND POND, West Hartford (1.1 acres)

- **Species:** (S)
- **Season:** Open year-round.

BEAVER BROOK PONDS,

(Bibbins Ponds), Windham (20 acres)

- **Species:** (T)
- **Season:** Open 6:00 a.m. 2nd Saturday April–last day February.
- **Other:** Boats and canoes prohibited except from May 16 to October 31. Motors prohibited.

BEAVER PARK LAGOON,

New Haven (8.5 acres)

COMMUNITY FISHING WATERS

Trout and Channel Catfish first stocked in 2014.

- **Species:** (CC T AE LMB CA S BB)
- **Season:** Open 6:00 a.m. 2nd Saturday April–October 31.

BESECK LAKE, Middlefield (116 acres)

- **Species:** (LMB YP CB S)
- **Other:** 8 mph speed limit. See 2016 Boater's Guide for summer exemption.

BESSE PARK POND, Torrington (4.5 acres)

- **Species:** (S)
- **Season:** Open year-round.

BICENTENNIAL POND (Mansfield Town Pond), Mansfield (6 acres)

- **Species:** (T S LMB BB)
- **Season:** Open 6:00 a.m. 2nd Saturday April–October 31.

BIGELOW POND, Union (25 acres)

- **Species:** (T YP LMB S)
- **Season:** Open 6:00 a.m. 2nd Saturday April–last day February.
- **Other:** Use of internal combustion engines prohibited.

BILLINGS LAKE, North Stonington (97 acres)

BASS MANAGEMENT LAKE

- **Species:** (T LMB YP CP S CB BB)
- **Season:** Open 6:00 a.m. 2nd Saturday April to last day February.
- **Largemouth & smallmouth bass:** 12" to 16" protected slot limit. Daily creel limit—6 bass, only 2 may be 16" or greater.

BIRGE POND, Bristol (15.8 acres)

COMMUNITY FISHING WATERS

Trout and Channel Catfish first stocked in 2014.

- **Species:** (T, CC, S)
- **Trout:** Season open 2nd Saturday in April–last day February.
- **All Other Species:** Season open year round.

BISHOP SWAMP (Jurovaty Pond),

Andover (53 acres)

Informal cartop launch.

- **Species:** (LMB CB S BB)
- **Other:** Use of internal combustion engines prohibited.

BLACK POND, Meriden-Middlefield (76 acres)

BASS MANAGEMENT LAKE / CATFISH LAKE

Channel catfish first stocked in 2007.

- **Species:** (T LMB CP BB CB S CC)
- **Season:** Open 6:00 a.m. 2nd Saturday April–last day February.
- **Largemouth & smallmouth bass:** 12" to 16" protected slot limit. Daily creel limit—6 bass, only 2 may be 16" or greater.
- **Other:** Use of internal combustion engines prohibited.

BLACK POND, Woodstock (74 acres)

- **Species:** (T LMB SMB CP YP BB S CB)
- **Season:** Open 6:00 a.m. 2nd Saturday April–last day February.
- **Other:** Motors limited to 5 hp.

BLACK ROCK LAKE (Branch Brook),

Watertown (21 acres)

- **Species:** (T)
- **Season:** Open 2nd Saturday April–last day February.

BLACK ROCK POND, Watertown (9.5 acres)

In Black Rock State Park.

TROUT PARK

- **Species:** (T LMB)
- **Season:** Open 6:00 a.m. 2nd Saturday April–last day February.
- **Trout:** Daily creel limit—2.
- **Other:** All vessels prohibited.

BLUE LAKE (see Anderson Pond)

BOLTON LAKES (Lower, Middle, Upper),

Bolton-Coventry-Vernon (346 acres)

BASS MANAGEMENT LAKE / CATFISH LAKE

Channel catfish first stocked into Lower Bolton Lake in 2007.

- **Species:** (YP BB CP LMB SMB S CC)
- **Largemouth & smallmouth bass:** 12" to 16" protected slot limit. Daily creel limit—6 bass, only 2 may be 16" or greater.
- **Other:** Motors limited to 6 hp.

BOLTON NOTCH POND, Bolton (17 acres)

- **Species:** (LMB S YP)

BRANFORD SUPPLY PONDS,

Branford (26 acres)

- **Species:** (T LMB S CP)
- **Season:** Open 6:00 a.m. 2nd Saturday April–last day February.

BREAKNECK POND,

Union-Massachusetts (92 acres)

- **Walk-in access (approximately 1.2 miles from north end of Bigelow Pond).**
- **Note:** Connecticut or Massachusetts license legal on entire pond.
- **Species:** (S YP CB CP LMB)
- **Other:** Use of internal combustion engines prohibited. Motor vehicle access prohibited.

BROAD BROOK MILLPOND, East Windsor

(19 acres)

- **Species:** (T LMB YP S)

CANDLEWOOD LAKE DEPTH MAP

First produced in 2006, Connecticut DEEP's Candlewood Lake depth map has become an angler favorite.

- Produced using state-of-the-art GPS technology.
- Field work and compilation ran from 1999 to 2005, and the final product is a color chart which measures 23 by 36 inches.
- The best and most current information on Candlewood Lake depths available.
- Maps are fully laminated, so the weather won't damage it.

Available from the online DEEP Store \$10.95

- Order by phone: 860-424-3555
- Shop online: www.ct.gov/deep/store

CATFISH LAKE

Channel catfish first stocked in 2007.

- West Rock Ridge State Park — Public right-of-way not passable to cars.
- **Species:** (S LMB YP T CC)
- **Season:** Open 6:00 a.m. 2nd Saturday April–last day February.
- **Other:** Use of internal combustion engines prohibited.

WONONSKOPMUC LAKE (Lakeville Lake),

Salisbury (348 acres)

BASS MANAGEMENT LAKE

- **Species:** (T LMB CP YP S BB)
- **Season:** Open 6:00 a.m. 2nd Saturday April–October 31.
- **Largemouth & smallmouth bass:** 12" to 16" protected slot limit. Daily creel limit—6 bass, only 2 may be 16" or greater.
- **Other:** The possession and use of any live alewives, blueback (glut or river) herring, gizzard, hickory or threadfin shad as bait is prohibited. Motors restricted to 12 cu in. Town operated boat launch-fee charged. Launch open daily 7 a.m. to 8 p.m. from 2nd Saturday in April to Labor Day. From Labor Day through October 31st launch open from 7 a.m. to 8 p.m. weekdays, and from 7 a.m. to 12 noon on weekends. Boat livery.

WOOD CREEK POND, Norfolk (148 acres)

- **Species:** (LMB BB YP CP)

WYASSUP LAKE, North Stonington (99 acres)

BASS MANAGEMENT LAKE

- **Species:** (CP YP T LMB BB AE)
- **Season:** Open 6:00 a.m. 2nd Saturday April–last day February.
- **Largemouth & smallmouth bass:** Daily creel limit—2, 16" minimum length.
- **Other:** 8 mph speed limit. See 2016 Boater's Guide for summer exemption.

ZEINER POND (Lake Winfield),

Plymouth (16 acres)

- No longer stocked with trout.
- **Season:** Open year-round.

ZEMKO POND, Salem (8 acres)

Walk-in access from Round Hill Road (300 yards).

- **Species:** (LMB S)

LAKE ZOAR, Monroe-Oxford-

Newton-Southbury (909 acres)

WALLEYE LAKE

Walleye first stocked in 2011.

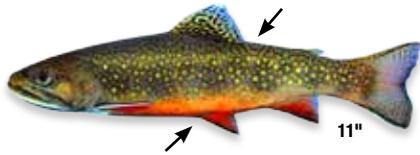

From the Shepaug Dam to the Stevenson Dam.

- **Species:** (SMB WP LMB CB WC S YP WA)
- **Other:** 45 mph speed limit daytime, 25 mph from ½ hour after sunset to ½ hour before sunrise.

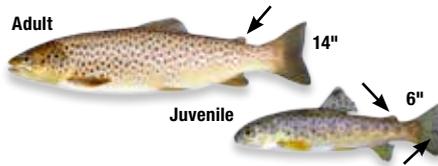

A Guide to Catchable Freshwater Fish in Connecticut

Not sure about your catch? Subtle differences between fish include the shape of the body—long vs. round, whiskers, shape of the mouth, and if there is a small fleshy lobe-like fin on the back near the tail. Determine which of these traits match your fish, then look to the photos and specific details to make a positive identification. If you would like a professional opinion, email a clear photo of the entire fish to deep.inland.fisheries@ct.gov.

Trout

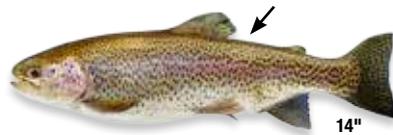

Brook Trout have a dark body with light spots and a worm-like pattern on back, head, and sides. The lower fins are typically red-orange with a white leading edge. Stocked Brook Trout are typically less colorful than wild Brook Trout.

Brown Trout have a light body with dark spots. The lower fins are typically brown, tan, or nearly colorless and may have a white leading edge. Wild Brown Trout may have bright red and orange spots and an orange adipose fin. The tail is more rounded than forked. Brown Trout and Atlantic Salmon look very similar.

Tiger Trout (hybrid) have worm-like markings covering the entire body. They usually do not have spots. Tiger Trout are a sterile cross between a male Brook Trout and a female Brown Trout.

Rainbow Trout have a light body with dark spots on the head and the tail. There is usually a pink band along each side.

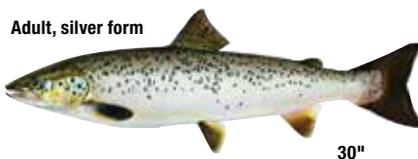

Salmon

Kokanee Salmon are silver without spots until spawning season when they undergo significant changes in shape and color, turning red. Males often develop a large hooked jaw (kype). Kokanee Salmon die after they spawn.

Atlantic Salmon have a light body with dark spots. The adipose fin is brown or dark brown. The lower fins are brown with no color on the leading edge. There may be spots on the head and tail. Wild Atlantic Salmon recently entering freshwater typically are silver, turning brown after being in freshwater for a while. Small Atlantic Salmon will have a deeply-forked tail. Atlantic Salmon are stocked as fry into many tributaries of the Connecticut River. All Atlantic Salmon must be immediately released, unless it is from one of the areas the Inland Fisheries Division stocks with surplus adult Atlantic Salmon (see page 28).

© Joseph Tomelleri

Bass, Perch & Walleye

Largemouth Bass have a dark stripe along the side of the body. The end of the jaw typically reaches past the eye.

Smallmouth Bass may have vertical stripes on the side of the body. The end of the jaw typically reaches to the center of the eye.

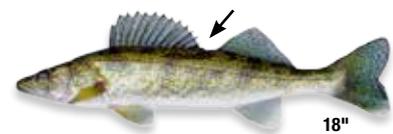

Striped Bass have a light body, somewhat silver in color with a series of horizontal black bands along the side.

White Perch have a silver body and lack any spots or bands.

Yellow Perch have a yellow body with dark vertical bands and orange lower fins.

Walleye generally have a greenish or brownish back fading to a white belly. They may have irregular dark green blotches on the body. They have very large and sharp teeth.

The number indicated near each fish represents the length of the individual fish shown in the photo. It is not a minimum size regulation or average fish length.

Sunfish & Bass

Pumpkinseeds have turquoise markings on the face and have a red dot on the gill cover.

Bluegills do not have turquoise markings on the face and do not have a red spot on the gill cover.

Redbreast sunfish have some turquoise markings on the face. The gill cover has a long oval dark "ear". The belly is usually a bright orange-red.

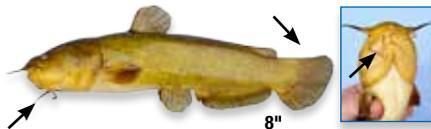

Rock Bass have a very large red-colored eye. The pattern on the side of the body resembles camouflage print.

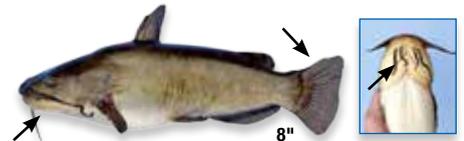

Calico Bass (crappie) have a distinct curved profile from the head to the dorsal fin. The body is silvery or brass colored with dark spots, and very thin when viewed looking from head on.

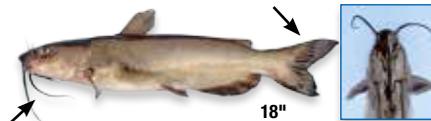

Bullhead & Catfish

Yellow Bullhead have a rounded tail and the chin whiskers are light colored. Both the belly and chin are usually yellow.

Brown Bullhead have a rounded tail and the chin whiskers are dark colored. Both the belly and chin are light colored and usually white.

Channel Catfish have a forked tail (pointed tips), very long whiskers on the side of the mouth, and dark chin whiskers. Compared to the white catfish, the channel catfish has a narrow head.

White Catfish have a forked tail (rounded tips), very long whiskers on the side of the mouth, and light chin whiskers. Compared to the channel catfish the white catfish has a broad head. The eyes may have a light blue band around the iris.

Pike & Pickerel

Northern Pike have a dark colored body with light spots. The entire cheek and only 1/2 of the gill cover is covered in scales. The mouth has large and sharp teeth.

Chain Pickerel have a yellow colored body with a dark "chain-like" pattern. Both the cheek and gill cover are completely covered with scales. Typically there is a dark vertical band below the eye. The mouth has large and sharp teeth.

Carp & Sucker

White Sucker has a streamlined body with a round mouth. The body is usually dark brown on top and bronze color on the side.

Common Carp can be a very large fish (up to 40 pounds) and have large scales. Carp have a small whisker on each side of the mouth.

This guide intended to provide some general descriptive information and a photo typical of each species featured. These represent fish that are most often caught in freshwaters of CT. The approximate size of the pictured fish is listed. For more detailed information please refer to the "A Pictorial Guide to Freshwater Fishes of Connecticut" by Robert P. Jacobs and Eileen B. O'Donnell. Available at the DEEP store www.ct.gov/DEEP/Store.

For questions about fish or fishing in Connecticut, please contact the Inland Fisheries Division at 860-424-Fish or email: deep.inland.fisheries@ct.gov or visit our web page at www.ct.gov/deep/fishing.

All photographs by Robert P. Jacobs, CT DEEP IFD

Rivers & Streams

Statewide regulations for seasons, legal methods, and limits (page 25) apply unless a site-specific regulation is listed for a water body.

The following rivers and streams or sections thereof are available for public fishing through the courtesy of the landowner, or where indicated by posters, through cooperative agreement, lease, or state ownership.

Determining fishing regulations is a simple two-step process:

1. Check the regulation table (page 25) for general statewide Species, Legal Methods, and Limits regulations.
2. Look up the **waterbody** in the alphabetical list of lake and ponds to find any **special regulations** that apply. **If no site-specific regulations are listed for a waterbody, statewide regulations apply.**

Special Management Areas For Trout (alternative regulations such as extended seasons, minimum lengths & reduced creel limits):

- **Trout Management Areas (TMA):** High quality fisheries offering year-round opportunities.
- **Trout Parks:** Easy to fish, frequently stocked areas.
- **Trophy Trout Streams:** Stocked with a higher proportion of larger fish.
- **Sea-run Trout Streams:** Areas where DEEP is working to establish populations of anadromous brown trout.
- **Wild Trout Management Areas (WTMA):** There are three classes of WTMA's:
 - Class 1: Abundant wild trout, not stocked.
 - Class 2: Wild trout and some stocked fry & fingerlings.
 - Class 3: Some wild trout, most also stocked with catchable size & fingerling size trout.

Lower River/Tidal Waters

Designated rivers & streams with no closed season including the entire Connecticut and Thames rivers, and downstream portions of the Coginchaug, Farmington, Housatonic, Mattabesset, Mystic, Naugatuck, Niantic, Quinnipiac, Salmon, and Yantic rivers.

Public Access to Fishing Waters

Public access to fishing waters is restricted to rights-of-way designated by poster or by permission of landowner. On state-leased streams, fishermen must wade or stay near the stream bank as indicated by signs.

Rivers and Streams Legend

-  Public boat launching area
-  Facilities for disabled
-  State campground
-  Family friendly fishing location
-  State picnic area

Italics Access/stocking location information

(T BN) Indicates degree of stocking and/or presence of wild trout:

- T Light/moderately stocked
- T Heavily stocked
- BK Wild brook trout
- BN Wild brown trout

Other fish species are listed for several rivers, see Key to Fish Species Abbreviations in Lakes and Ponds section (page 32).

BASS ————
TROUT ————
BROODSTOCK SALMON ————

Special Management Areas are color-coded for major gamefish species

ALLYNS BROOK, Durham (T)

Intermittent sections from Route 17 downstream to the Coginchaug River.

ANGUILLA BROOK, Stonington (T)

Intermittent sections from Route 184 downstream to Route 1.

ASPETUCK RIVER, Easton-Weston (T)

Intermittent sections from Route 58 along Route 136 to the Saugatuck River.

BANTAM RIVER (West Branch), Litchfield (T)

Intermittent sections from the Goshen-Litchfield town line at Brooks Road through Route 63 to the confluence with the Bantam River Inlet near Route 202.

BANTAM RIVER (inlet to Bantam Lake), Litchfield (T)

Intermittent sections from Route 202 to approximately one half mile upstream of confluence with Bantam Lake.

BANTAM RIVER (outlet from Bantam Lake), Litchfield (T)

Downstream of Bantam Lake from Bantam to Smokey Hollow Road in West Morris.

- **Methods:** Fly fishing only where indicated by posters.

BARTLETT BROOK, Lebanon (T)

Intermittent sections from Brewster Pond downstream to Yantic River.

BEACON HILL BROOK, Bethany-Naugatuck-Beacon Falls (T BK BN)

From Route 63 crossing in Bethany to confluence with Naugatuck River.

WILD TROUT MANAGEMENT AREA (Class 3)

From Route 63 crossing in Naugatuck downstream to confluence with Naugatuck River:

- **Trout:** 9" minimum length.

BEAVER BROOK, Barkhamsted (TBK)

Intermittent sections from along Park Road (1/2 mile north of Day Road) to Route 318.

BEAVER BROOK (includes Fire Ponds), Franklin-Sprague (T BN)

Intermittent sections along Route 207 to the Shetucket River.

BEAVER BROOK, Windham-Scotland (BK BN)

MERRICK BROOK WILD TROUT MANAGEMENT AREA (Class 1)

In Talbot Wildlife Management Area from Route 14 to Merrick Brook:

- **Season:** Open year-round.
- **Methods:** Barbless single-hook artificial lures and flies only.
- **Trout:** Catch and Release Only.

BELCHER BROOK, Berlin (T)

Intermittent sections from Four Rod Road to Lower Lane.

BIBLE ROCK BROOK, Haddam-Middletown (T)

 *Intermittent sections along Route 154.*

BIGELOW BROOK, Eastford-Union (T)

Intermittent sections from Mashapaug Lake to Natchaug River.

BIRDSEYE BROOK, Cornwall (T)

Within the Mohawk Ski Area.

BLACKBERRY RIVER, Norfolk-Canaan (T BN)

From 1/2 mile west of Route 272 along Route 44 and Lower River Road to confluence with Housatonic River.

WILD TROUT MANAGEMENT AREA (Class 3)

From Whiting River to confluence with Housatonic River.

- **Trout:** 9" minimum length.

BLACKLEDGE RIVER, Bolton-Hebron-Marlborough (T)

Intermittent state-owned sections from Gay City State Park to the Salmon River.

- **Trout:** 9" minimum length — Downstream of Route 94, Glastonbury, to the Salmon River.

BLACKWELL BROOK, Brooklyn-Canterbury (T)

Intermittent sections from Woodward Road to the Quinebaug River.

BLADENS RIVER, Woodbridge-Seymour (T BK)

From 1/4 mile below Bethmour Road along Route 67 to 1/4 mile below Chatfield Street, includes tributary (Hopp Brook) along Miller Road.

Rivers & streams open season is from 6:00 am on the 2nd Saturday in April to the last day of February unless otherwise stated.

BRANCH BROOK, Watertown (T)

TROUT PARK

Within Black Rock State Park:
 • **Trout:** Daily creel limit—2.

BRANFORD RIVER, Branford-North Branford (T)

Intermittent sections from Route 22 to I-95.

BROAD BROOK, Ellington (T BK BN)

Intermittent sections along Muddy Brook Road, and from Broad Brook Mill Pond to Scantic River.

BROAD BROOK, Preston (T)

Intermittent sections from Swantown Road to Old Jewett City Road.

BUCK BROOK, Portland (T)

In Meshomasic State Forest.

BUCKHORN BROOK, Enfield (T)

Intermittent sections from Town Farm Road downstream to the Scantic River.

BUNGEE BROOK, Eastford-Woodstock (T)

Intermittent sections from Route 171 downstream to the Still River.

BUNNELL BROOK (Burlington Brook), Burlington (T)

From Covey Road, then along Route 4 to confluence with Farmington River:
 • **Trout:** 9" minimum length downstream of Covey Road.

BUTTERNUT BROOK, Litchfield (T)

Upstream of Route 202 to confluence with the Bantam River.

BUTTONBALL BROOK, Chaplin (T)

Intermittent sections from Route 6 downstream to the Natchaug River.

BYRAM RIVER, Greenwich (T)

Includes East Branch. From Merritt Parkway to Glenville Road (Glen Ridge Road).

CANDLEWOOD HILL BROOK, Haddam (T)

Intermittent sections along Candlewood Hill Road.

CARR BROOK (Cox Brook), Portland (T)

Intermittent sections from South Road downstream to Penfield Hill Road.

CARSE BROOK, Sharon (T)

Smith Hill Road to Housatonic River.

CEDAR SWAMP BROOK, Stafford (T BK)

Nipmuck State Forest from Crooked Road downstream to Roaring Brook.

CEDAR SWAMP BROOK, Sterling (BK)

Intermittent sections from Portertown Road to the Moosup River.

CHATFIELD HOLLOW BROOK, Killingworth (T)

TROUT PARK

In Chatfield Hollow State Park:
 • **Trout:** Daily creel limit—2.

CHERRY BROOK, Canton (T BN BK)

From Routes 179 and 309, along Route 179 through Canton Center.
 • **Trout:** 9" minimum length downstream of Route 179.

CHOATE BROOK, Preston (T)

Intermittent sections from Route 165 to the Quinebaug River.

COGINCHAUG RIVER, Durham-Middlefield-Middletown (T)

Intermittent sections from Route 17 in Durham through Wadsworth Falls State Park.

LOWER RIVER/TIDAL WATERS—no closed season

Downstream from Route 3 bridge to confluence with Mattabesset River.
 • **Trout:** Daily creel limit—2, 15" minimum length.

CONNECTICUT RIVER, Enfield to Old Lyme

LOWER RIVER/TIDAL WATERS—no closed season

Includes entire river in Connecticut
 • **Species:** (AE CA CB LMB NP SMB S WA WC WP YP)
 • **Large & smallmouth bass:** 12" minimum length.
 • **Trout:** Daily creel limit—2, 15" minimum length.
 • **Northern pike:** 24" minimum length.
 • **Alewives/Blueback Herring:** Special closures may be in effect (see page 28).

COPPERMINE BROOK, Burlington-Bristol (T BK BN)

Intermittent sections from South Main Street to Stevens Street.

PEQUABUCK RIVER TROUT MANAGEMENT AREA

In Bristol from Artisan Street downstream to confluence with Pequabuck River.
 • **Season:** Open year-round.
 • **Trout:** Catch and Release Only.

COPPS BROOK, Stonington (BK)

Access from Route 184.

CORY BROOK, Canterbury (T)

Intermittent sections from Gooseneck Hill Road downstream to Aspinook Pond.

CRYSTAL LAKE BROOK, Stafford (T)

Intermittent sections along Route 30.

DEEP BROOK, Newtown (BK BN)

WILD TROUT MANAGEMENT AREA (Class 1)

From Wasserman Way to confluence with Pootatuck River:
 • **Season:** Open year-round.
 • **Methods:** Barbless single-hook artificial lures and flies only.
 • **Trout:** Catch and Release Only.
 • **Note:** Wild Trout Management Area includes a portion of the Pootatuck River upstream and downstream of the confluence as posted by DEEP.

DEEP RIVER, Deep River (T)

Intermittent sections from Hoopole Hill Road downstream to Pratt Read Reservoir.

DELPHI BROOK, Stafford (BK BN)

Intermittent sections along Route 19.

DENISON BROOK, Voluntown (BK)

In Pachaug State Forest, south of Route 138.

DICKENSON CREEK, Marlborough (T)

Salmon River State Forest.
 • **Trout:** 9" minimum length-Downstream of Route 66 to the Salmon River.

EAST ASPETUCK RIVER, New Milford-New Preston (T BN)

Intermittent sections accessible from Routes 45 and 202 to Wells Road.

WILD TROUT MANAGEMENT AREA (Class 3)

From Lake Waramaug to confluence with Housatonic River.
 • **Trout:** 9" minimum length.

EAST RIVER, Guilford (T)

Intermittent sections from Guilford Lakes downstream to Route 1.

EAST SWAMP BROOK, Bethel (T)

Intermittent sections from Meckaur Municipal Park through Plumtrees Road to Route 302 (includes unnamed flow-through pond in Meckauer/Bennet Memorial Park).

EIGHT MILE BROOK, Middlebury-Oxford (T)

Intermittent sections from Judd Hill, through Larkin Trail State Park and Southford Falls State Park to Route 188, then to Barry Road.

TROUT PARK

Within Southford Falls State Park:
 • **Trout:** Daily creel limit—2.

Rivers & Streams

Statewide regulations for seasons, legal methods, and limits (page 25) apply unless a site-specific regulation is listed for a water body.

EIGHTMILE RIVER, East Haddam-Lyme (T)

Devils Hopyard State Park and intermittent sections below the park to Hamburg Cove.

- **Trot:** 9" Minimum length — From Foxtown Road to the dam at Mt. Archer Road.

SEA RUN TROUT STREAM

Downstream of dam at Mt. Archer Road:

- **Season:** Open year-round.
- **Trot:** Daily creel limit—2, 15" Minimum length.

EIGHTMILE RIVER (East Branch), Salem-East Haddam-Lyme (T)

Intermittent sections along Darling Road and Salem Road.

- **Trot:** 9" Minimum length — Downstream of Witch Meadow Road, Salem to the Eightmile River.

EIGHTMILE RIVER, Southington (BN)

WILD TROUT MANAGEMENT AREA (Class 1)

- Entire river in Southington:
- **Season:** Open year-round.
 - **Methods:** Barbless single-hook artificial lures and flies only.
 - **Trot:** Catch and Release Only.

EKONK BROOK, Plainfield (T)

Intermittent sections from Route 14A downstream to the Moosup River.

EXETER BROOK, Lebanon (BK)

In Bartlett Brook Wildlife Management Area.

FALLS RIVER, Essex-Westbrook (T)

Intermittent sections along Witchhazel Road downstream to Mares Hill Road.

FARM RIVER, Branford-East Haven-North Branford (T BN)

Intermittent sections from Northford to I-95.

WILD TROUT MANAGEMENT AREA (Class 3)

From Mill Road (downstream of Pages Millpond) in North Branford to I-95 bridge (East Haven):

- **Trot:** 9" minimum length.

SEA RUN TROUT STREAM

Downstream of I-95 bridge:

- **Season:** Open year-round.
- **Trot:** Daily creel limit—2, 15" minimum length.

FARMILL RIVER, Monroe-Shelton-Stratford (T)

Intermittent sections from Moose Hill Road (Monroe) to Route 110 just above Housatonic River.

FARMINGTON RIVER (West Branch and Mainstem), Hartland-Barkhamsted-New Hartford-Canton-Burlington-Farmington-Avon-Simsbury-Bloomfield-East Granby-Windsor (T)

Intermittent sections from Goodwin Dam to RT 4 (Farmington Center). Then from Tariffville Memorial Park (Simsbury) through the Tariffville Gorge (Bloomfield). Then from mouth of tailrace canal below Rainbow Dam to confluence with Connecticut River.

FARMINGTON RIVER TROUT MANAGEMENT AREA

From Goodwin dam (Hartland) downstream to the old footbridge abutments approximately 1.4 miles downstream of the confluence with the Still River (Barkhamsted).

- **Season:** Open year-round.
- **Trot:**
 - » Catch and Release Only from September 1 to 6:00 a.m. 2nd Saturday in April.
 - » Daily creel limit—2, 12" minimum length from 6:00 a.m. 2nd Saturday in April to August 31.

From the old footbridge abutments (Barkhamsted) downstream to the Route 219 bridge (New Hartford). This area includes all of the former West Branch Farmington River Trout Management Area:

- **Season:** Open year-round.
- **Methods:** Barbless hooks only
- **Trot:** Catch and Release Only.

From the Route 219 bridge (New Hartford) downstream to the route 177 Bridge (Unionville):

- **Season:** Open year-round.
- **Trot:**
 - » Catch and Release Only from September 1 to 6:00 a.m. 2nd Saturday in April.
 - » Daily creel limit—2, 12" minimum length from 6:00 a.m. 2nd Saturday in April to August 31.

LOWER FARMINGTON RIVER

Farmington to Windsor; From Route 177 bridge in Unionville Center downstream to Rainbow Reservoir.

- **Trot:** Daily creel limit—5, 9" Minimum length.

LOWER RIVER/TIDAL WATERS—no closed season

Windsor; From mouth of tailrace canal below Rainbow Dam to confluence with Connecticut River.

- **Trot:** Daily creel limit—2, 15" minimum length.
- **Note:** All fishing prohibited in tailrace canal and from mouth of tailrace upstream to Rainbow Dam.

FAWN BROOK, Hebron-Marlborough (T)

Intermittent sections from Route 85 to Route 66 (Salmon River State Forest).

- **Trot:** 9" minimum length downstream of Slocum Road.

FAWN BROOK (West Branch), Marlborough-Hebron (T)

Intermittent sections from Martin Road to Route 66.

- **Trot:** 9" minimum length downstream of Slocum Road.

FENTON RIVER, Mansfield-Willington (T BN)

Intermittent sections from Moose Meadow Road to Mansfield Hollow Reservoir.

WILD TROUT MANAGEMENT AREA (Class 3)

Entire stream in Mansfield and Willington:

- **Trot:** 9" Minimum length.

FIVEMILE RIVER, Thompson-Putnam-Killingly (T)

Intermittent sections from New Road to the Quinebaug River.

FLAT BROOK, East Hampton (T BK)

Intermittent sections along Route 16 downstream to the Salmon River.

FRENCH RIVER, Thompson (T)

Intermittent sections from North Grosvenordale Pond to Blain Road.

FRESHWATER BROOK, Enfield (T)

Intermittent sections from Route 220 downstream to the Connecticut River.

FURNACE BROOK, Cornwall Bridge (BN)

From the bridge on Route 4 upstream approximately 1½ miles, as posted.

HEATHER REAVES WILD TROUT MANAGEMENT AREA (Class 2)

Upstream from Housatonic River as posted.

- **Trot:** Daily creel limit—2, 12" minimum length.

FURNACE BROOK, Stafford (T)

Intermittent sections from Staffordville Lake along Route 19 and Furnace Brook Road to Glenville Pond.

GARDNER BROOK, Bozrah (T)

Intermittent sections from Gardner Lake to Fitchville Pond.

GIFFORD BROOK, Columbia (T)

At Route 87.

GILLETTE BROOK, Somers (BK)

Intermittent sections from Battle Street downstream to the Scantic River.

GREAT BROOK, Chester (T)

Intermittent sections along Wig Hill Road.

GREAT MEADOW BROOK, Voluntown (T)

Access in Pachaug State Forest.

GREEN FALLS RIVER, North Stonington-Voluntown (T)

Intermittent sections from Green Falls Dam to Rhode Island.

GULF STREAM, Somers (T BK)

Intermittent sections from Gulf Road Marsh downstream to the Scantic River.

HALEYS BROOK, Groton (BK)

Intermittent sections along Route 184.

HALL MEADOW BROOK, Goshen-Torrington (T BK)

Along Route 272 from Hall Meadow Cemetery to the Hall Meadow Brook Reservoir Dam (John Minetto State Park).

HAMMONASSET RIVER, Clinton-Killingworth-Madison (T)

Intermittent sections from Route 80 to Route 1.

TROUT MANAGEMENT AREA

From Lake Hammonasset Dam to Chestnut Hill Road:

- **Season:** Open year-round.
- **Trot:**
 - » Catch and Release Only from September 1 to 6:00 a.m. 2nd Saturday in April.
 - » Daily creel limit—2, 9" minimum length from 6:00 a.m. 2nd Saturday in April to August 31.

SEA RUN TROUT STREAM

• From Chestnut Hill Road to the breached dam located 300 feet upstream of River Road:

- » **Season:** Open from 6:00 a.m. 2nd Saturday in April-last day February.
- » **Trot:** Daily creel limit—2, 9" Minimum length.
- Downstream of the breached dam located 300 feet upstream of River Road:
 - » **Season:** Open year-round.
 - » **Trot:** Daily creel limit—2, 15" Minimum length.

Rivers & streams open season is from 6:00 am on the 2nd Saturday in April to the last day of February unless otherwise stated.

HAWLEYS BROOK, Easton-Weston (BK)

WILD TROUT MANAGEMENT AREA (Class 1)

Within the Trout Brook Valley Property (publicly owned):

- **Season:** Open year-round.
- **Methods:** Barbless single-hook artificial lures and flies only.
- **Trout: Catch and Release Only.**

HOCKANUM RIVER, Vernon-Ellington-Manchester-East Hartford (T)

Intermittent sections from Rockville to the Connecticut River.

TROUT MANAGEMENT AREA

From I-84 in Vernon downstream to crossing under I-84 at Laurel Marsh on the Manchester/East Hartford line:

- **Season:** Open year-round.
- **Trout: Catch and Release Only.**

HOP BROOK, Middlebury-Waterbury (T)

From Route 64 to Hop Brook Flood Control Impoundment.

HOP RIVER (includes Johnsons Pond), Bolton-Coventry (T)

Intermittent sections along Route 6 to the Willimantic River.

HORSE BROOK, Plainfield (T)

Intermittent sections from Pickett Road downstream to Packerville Road.

HOUSATONIC RIVER (includes all impoundments from Bleachery Dam to the Massachusetts line), Salisbury-Canaan-Sharon-Cornwall-Kent-Sherman-New Milford (T SMB NP CA)

For Housatonic River Flows at Falls Village: 1-888-417-4837.

- **Thermal refuges:** Areas within one hundred feet of signs indicating such closure posted by DEEP at or near the mouths of Kent Falls Brook and Macedonia Brook are closed to all fishing from June 15 to September 15.

HOUSATONIC RIVER TROUT MANAGEMENT AREA

From bridge crossing at Routes 112 and 7 (Salisbury/Canaan) to bridge at Routes 4 and 7 (Cornwall/Sharon):

- **Season:** Open year-round except in areas within 100 feet of signs indicating such closure posted by DEEP at or near the mouths of tributaries that are closed to all fishing from June 15 to September 15.
- **Trout: Catch and Release Only.**
- **Methods:** Fly fishing only in the 3 mile section upstream from Route 4 bridge, as posted.

BASS MANAGEMENT AREA (STANLEY TRACT AREA)

From Dawn Hill Road (Sharon) to Skiff Mountain Road in Kent (approximately 6 miles):

- **Area managed for smallmouth, statewide regulations apply.**

BULL'S BRIDGE TROUT MANAGEMENT AREA / BASS MANAGEMENT AREA

From Bull's Bridge Impoundment Dam (Kent) to Gaylordsville Bridge (Route 7) in New Milford, includes Ten Mile River from NY border to confluence with Housatonic River:

- **Season:** Open year-round except in areas within 100 feet of tributaries that are closed to all fishing from June 15 to September 15, as posted.
- **Trout: Catch and Release Only.**
- **Large & Smallmouth bass: Catch and Release Only.**

LOWER RIVER/TIDAL WATERS—no closed season

Derby, Orange, Shelton, Milford, Stratford Downstream from dam on Lake Housatonic (Derby). Walk-in access at Derby Dam off Route 34 (Derby) and Canal Street (Shelton).

- **Trout:** Daily creel limit—2, 15" minimum length.

HOWELLS POND BROOK, Hartland (T)

From Howell's Pond in Tunxis State Forest to Mill Street, approximately 1½ miles above West Branch Reservoir.

HUNTS BROOK, Montville-Waterford (T)

Intermittent sections from Miller's Pond to Smith Cove.

INDIAN HOLE BROOK, Shelton (T)

From falls in Indian Well State Park downstream to railroad bridge:

INDIAN RIVER, Killingworth-Clinton (T)

Intermittent sections from Stevens Road downstream to Upper Millpond.

INDIANTOWN BROOK, Ledyard-Preston (T)

Intermittent sections from Route 2 to Poquetanuck Cove. Includes Shewville Brook, Gates and Hallville Ponds, and Poquetanuck Brook.

JEREMY RIVER, Hebron-Colchester (T)

Intermittent Sections from Route 66 to the Blackledge River.

- **Trout:** 9" minimum length — Downstream of Grayville Road to the Salmon River.

JOE CLARK BROOK, Ledyard (BK)

Intermittent sections from Church Hill Road downstream to Poquetanuck Cove.

JORDAN BROOK, Waterford (BK)

Intermittent sections along entire length.

JUDD BROOK, Colchester-Hebron

- **Trout:** 9" minimum length downstream of Old Colchester Road to Jeremy River.

KENT FALLS BROOK, Kent (T BK BN)

Below base of falls.

TROUT PARK

Within Kent Falls State Park:

- **Trout:** Daily creel limit—2

KETTLETOWN BROOK, Southbury (T BK BN)

Through Kettle town State Park to Lake Zoar.

KITT BROOK, Canterbury (T)

Intermittent sections from Route 14 to the Quinebaug River.

LAKE WARAMAUG BROOK, Warren (T)

At Town Hill Road, then along Route 45 from Curtiss Road downstream to North Shore Road.

LATHROP BROOK, Plainfield (T)

Intermittent sections from Dow Road downstream to Mill Brook.

LATIMER BROOK, East Lyme-Waterford (T BK BN)

Intermittent sections along Route 161 from Silver Falls to Niantic River.

SEA RUN TROUT STREAM

- **Season:** Open year-round.
- **Trout:** Daily creel limit—2, 15" Minimum length.

LAUREL BROOK, Middletown (T)

Downstream of I-95 bridge: From Anderson Road (Laurel Brook Road) through Wadsworth Falls State Park.

LEADMINE BROOK, Harwinton-Thomaston (T)

Intermittent sections from Route 4 in Harwinton through Roraback Wildlife Management Area to confluence with Naugatuck River (Thomaston Flood Control Area).

LITTLE RIVER, Canterbury-Hampton (T)

Intermittent sections from Route 97 to Paper Mill Pond.

GOOD FISHING DEPENDS ON CLEAN WATER

Many of our rivers, lakes, and coastal areas are experiencing algae blooms that cover our favorite fishing spots with green slime and cause fish kills and "dead zones" where no aquatic life can survive. The cause is usually nitrogen and phosphorus pollution that comes from farm and lawn fertilizers, septic systems, animal waste, and sewage treatment plants. Everyone can do their part for clean water by reducing fertilizer use, preserving plants along shorelines, and picking up pet waste. Supporting water quality protection supports great fishing!

Learn more at: www.epa.gov/nutrientpollution

HOW'S MY WATERWAY (accessible at www.epa.gov/mywaterway) helps users quickly find information on the condition of their local waters using a smart phone, tablet, or desktop computer. This tool provides results within seconds using EPA's water quality assessment data. Check out the condition of your local waterbody today!

Rivers & Streams

Statewide regulations for seasons, legal methods, and limits (page 25) apply unless a site-specific regulation is listed for a water body.

LITTLE RIVER, Putnam (T)

Intermittent sections from Roseland Lake downstream to the Quinebaug River.

LITTLE RIVER, Oxford-Seymour (T BK BN)

Intermittent sections along Route 67 from 1 mile above Hogback Road to Hoadley's Pond (Seymour).

WILD TROUT MANAGEMENT AREA (Class 3)

From Towner Lane downstream to Park Road:

- **Trout:** 9" minimum length.

LONG MEADOW POND BROOK, Middlebury-Naugatuck (T)

Intermittent sections from Long Meadow Pond through Guntown Road, along Rubber Avenue to ½ mile above the Naugatuck River.

LONG SWAMP BROOK, Middlebury (T)

Within Bristol Park, along Route 64 through Steinmann Park to Route 188.

LOWDEN BROOK, Voluntown (BK)

In Pachaug State Forest.

MACEDONIA BROOK, Kent (T BK BN)

WILD TROUT MANAGEMENT AREA (Class 3)

Within Macedonia Brook State Park:

- **Trout:** 9" minimum length.

WILD TROUT MANAGEMENT AREA (Class 1)

From confluence with Bog Hollow Brook to Route 341:

- **Season:** Open year-round.
- **Methods:** Barbless single-hook artificial lures and flies only.
- **Trout:** Catch and Release Only.

MAD RIVER, Norfolk-Winchester (T)

From Rugg Brook Road through Mad River Flood Control Impoundment to Route 263 crossing.

- **Trout:** 9" minimum length downstream of Grantville Road.

MARSHEPAUG RIVER, Litchfield (T)

From Shearshop Road downstream through Milton to the East Branch of the Shepaug River.

MARY BROWN BROOK, Putnam (BK)

Intermittent sections from East Putnam Road downstream to the Five Mile River.

MASHAMOQUET BROOK, Pomfret (T)

Intermittent sections from Taft Pond through Mashamoquet State Park to Quinebaug River.

MATTABESSET RIVER,

Berlin-Middletown (NP CA LMB T)

Intermittent sections in Berlin from Brook Street to Lower Lane.

LOWER RIVER/TIDAL WATERS—no closed season:

Downstream from Route 372 bridge to confluence with Connecticut River.

- **Trout:** Daily creel limit—2, 15" minimum length.

MEADOW BROOK, Colchester

- **Trout:** 9" minimum length downstream of Route 16.

MENUNKETESUCK RIVER, Killingworth (T)

Intermittent sections from Reservoir Road to Pleasant Valley Road.

MERRICK BROOK, Scotland (BK BN)

MERRICK BROOK WILD TROUT MANAGEMENT AREA (Class 1)

Within Talbot Wildlife Management Area (WMA), and also extending upstream of the WMA as posted.

- **Season:** Open year-round.
- **Methods:** Barbless single-hook artificial lures and flies only.
- **Trout:** Catch and Release Only.
- **Note:** Wild Trout Management Area includes Beaver Brook within the Talbot WMA.

MIANUS RIVER, Greenwich-Stamford (T)

Intermittent sections accessible ¼ mile upstream of June Road to Palmer's Hill Road (just above Mianus Pond).

SEA RUN TROUT STREAM

- **Entire river upstream of Mianus Pond Dam (just above Boston Post Road):**

» **Trout:** Daily creel limit—2, 9" Minimum length.

- **Downstream of Mianus Pond Dam:**

» **Trout:** Daily creel limit—2, 15" Minimum length.

EXCEPT IN:

TROUT MANAGEMENT AREA

From Merrybrook Road upstream approximately 1 mile to dam as indicated by signs:

- **Season:** Open year-round.

Trout:

» **Catch and Release Only** from September 1 to 6:00 a.m. 2nd Saturday in April. Single hook flies and artificial lures only from September 1 to 6:00 a.m. 2nd Saturday in April.

» Daily creel limit—2, 9" minimum length from 6:00 a.m. 2nd Saturday in April to August 31.

MIDDLE RIVER, Stafford (T)

Intermittent sections from Edson Brook to Willimantic River.

MILL BROOK, Cornwall (T BK BN)

From the Housatonic River upstream along Route 128 for approximately 1 mile.

MILL RIVER, Easton-Fairfield (T BK BN)

Intermittent sections from confluence with Canoe Brook, as posted by DEEP, to Mohegan Park Pond, then from base of Samp Mortar Reservoir dam to Sturges Road in Fairfield.

WILD TROUT MANAGEMENT AREA (Class 1)

From confluence of Canoe Brook, as posted by DEEP, to downstream of third bridge (South Park Avenue) below Easton Reservoir as posted:

- **Season:** Open year-round.
- **Methods:** Barbless single-hook artificial lures and flies only.
- **Trout:** Catch and Release Only.

TROUT MANAGEMENT AREA

From Merritt Parkway bridge downstream to Mohegan Park Pond.

- **Season:** Open year-round.

Trout:

» **Catch and Release Only** from September 1 to 6:00 a.m. 2nd Saturday in April.

» Daily creel limit—2, 9" minimum length from 6:00 a.m. 2nd Saturday in April to August 31.

MILL RIVER (includes Axle Shop, Clark's and Woodruff's Ponds), Hamden (T)

Intermittent sections from River Road through Sleeping Giant State Park to Skiff Street. Boats and canoes prohibited, including Axle Shop, Clarks, and Woodruffs Ponds.

TROUT MANAGEMENT AREA

Within Sleeping Giant State Park:

- **Season:** Open year-round.

Trout:

» **Catch and Release Only** from September 1 to 6:00 a.m. 2nd Saturday in April.

» Daily creel limit—2, 9" minimum length from 6:00 a.m. 2nd Saturday in April to August 31.

MINE BROOK, Portland (BK)

Along Gadpouch Road in Meshomasic State Forest.

MOOSUP RIVER, Plainfield-Sterling (T)

Intermittent sections from the Rhode Island line to the Quinebaug River.

TROUT MANAGEMENT AREA

From Route 14 bridge to confluence with Quinebaug River:

- **Season:** Open year-round.
- **Methods:** Fly fishing only in lower half of section, as posted.
- **Trout:** Catch and Release Only.

MORGAN BROOK, Barkhamsted (T BN)

Intermittent sections accessible from East West Hill Road to the West Branch-Farmington River.

WILD TROUT MANAGEMENT AREA (Class 3)

Entire stream:

- **Trout:** 9" minimum length.

MORRISSEY BROOK

(NAROMIYOCKNOWHUSUNKATANKSHUNK BROOK), New Milford-Sherman (T BK BN)

Intermittent sections from Route 39 to Cedar Hill Road, New Milford.

MOUNT HOPE RIVER, Ashford-Mansfield (T)

Intermittent sections from Route 44 to Mansfield Hollow Reservoir.

MOUNT MISERY BROOK, Voluntown (T)

Intermittent sections from Hell Hollow Road to the Pachaug River.

MUDDY RIVER, North Haven-Wallingford (T)

Intermittent sections from Northford Road below McKenzie Reservoir (Wallingford), along Tyler Mill Road, Route 150, to Spring Street, North Haven.

Catch and Release improves fishing for future generations.

Rivers & streams open season is from 6:00 am on the 2nd Saturday in April to the last day of February unless otherwise stated.

MYRON KINNEY BROOK, Voluntown (T BK)
Within Pachaug State Forest to Glasgo Pond.

MYSTIC RIVER, Groton-Stonington

LOWER RIVER/TIDAL WATERS—no closed season

Downstream of confluence of Haleys Brook and Whitford Brook.

- **Trout:** Daily creel limit—2, 15" minimum length.

NATCHAUG RIVER, Eastford-Chaplin-Mansfield-Windham (T)

Intermittent sections along Route 198 to Shetucket River.

TROPHY TROUT STREAM

Entire River in Eastford-Chaplin-Mansfield-Windham:

- **Trout:** Daily creel limit—2.

TROUT PARK

Within Natchaug State Forest (Eastford):

- **Trout:** Daily creel limit—2.

NAUGATUCK RIVER (East Branch), Torrington (TBK BN)

WILD TROUT MANAGEMENT AREA (Class 3)

From Newfield Road downstream to the confluence with the West Branch Naugatuck:

- **Trout:** 9" minimum length.

NAUGATUCK RIVER (Mainstem), Torrington-Litchfield-Harwinton-Thomaston-Waterbury-Waterbury-Naugatuck-Beacon Falls-Seymour-Derby (T)

From the confluence of the East and West Branches in Torrington to the Thomaston Flood Control Dam. Intermittent sections from Thomaston to Waterbury. Platts Mill Road and Route 8 overpass area in Waterbury, through the Naugatuck State Forest to the Route 42 bridge (Pines Bridge Road) in Beacon Falls.

TROPHY TROUT STREAM

From the confluence of the East and West Branches to Route 118 (Harwinton-Litchfield) & from the Thomaston Dam to the Kinneytown Dam (Seymour):

- **Trout:** Daily creel limit—2
- **Thermal refuges:** Areas within 100 feet of signs indicating such closure posted by DEEP at or near the mouths of tributaries are closed to all fishing from June 15 to September 15.

BROODSTOCK SALMON AREAS (SEE PAGE 28 FOR DETAILS)

From Route 118 (Litchfield/Harwinton) to the Thomaston Dam & from Prospect Street (Naugatuck) downstream to Pines Bridge Road (Route 42 bridge, Beacon Falls):

- **Methods (all species):** From October 1 through March 31, single fly or lure with a single free-swinging hook only. Additional weight may not be added to the line. Anglers are reminded that the season is closed from March 1 to 6:00 a.m. on the 2nd Saturday in April for all species except broodstock Atlantic salmon (see Trout Management Area below for year-round catch-and-release fishing for trout).

 In Tolland and Willington from mouth of Roaring Brook downstream to Route 74 bridge:
 • **Season:** Open year-round.
 • **Methods:** Fly fishing only.
 • **Trout:** Catch and Release Only.

WILLOW BROOK, Cheshire (T BK BN)
Along the bike path beginning at Lock 12 at Route 42 downstream to Mount Sanford Road.

WOOD RIVER, Voluntown (T)
Intermittent sections from Porter Pond to Hazard Pond.

WYASSUP BROOK, North Stonington (BK)
Intermittent sections from Wyassup Lake downstream to Spalding Pond.

YANTIC RIVER, Bozrah-Norwich (T)
Intermittent sections from Camp Moween Road to Thames River.

TROUT MANAGEMENT AREA
 From Barstow Road (Lebanon) downstream to bridge crossing at intersection of Fitchville and Schwartz Roads:
 • **Methods:** Fly fishing only in sections at the upper and lower boundaries of TMA, as posted.
 • **Season:** Open year-round.
 • **Trout:**
 » **Catch and Release Only** from September 1 to 6:00 a.m. on the 2nd Saturday in April.
 » Daily creel limit—2, 9" minimum length from 6:00 a.m. on the 2nd Saturday in April–August 31.

LOWER RIVER/TIDAL WATERS—no closed season
 Downstream from just below the falls at Indian leap in Norwich.
 • **Trout:** Daily creel limit—2, 15" minimum length.

MARINE FISHING

© stockphoto.com/ ammgum

ANGLERS PLEASE NOTE

New York, Rhode Island, Maine and Massachusetts also have marine license requirements. Though Connecticut has reciprocity with these neighboring states, residents of Connecticut are required to have a CT Resident Marine Waters Sport Fishing License to fish in the Marine District.

SALTWATER FISHING RESOURCE MAP

This online map shows the locations of points of interest related to saltwater fishing, including sporting licensing agents, bait and tackle shops, enhanced opportunity shore fishing sites, car top boat launches with Long Island Sound access, trailered boat launches with Long Island Sound access and party/charter boat locations. For information about these points of interest, go to www.ct.gov/deep/saltwaterfishingresourcemap.

Marine/Inland Demarcation

DEMARCATIION BETWEEN MARINE AND INLAND DISTRICT

A marine sport fishing license is required downstream of locations listed below or in areas designated as being entirely in the Marine District. **Unless indicated below, the demarcation line is the first bridge upstream from the river mouth or cove.**

- **Alewife Cove:** New London-Waterford. Entirely in Marine District.
- **Beebe Cove:** Groton. Entirely in Marine District.
- **Blackhall River:** Old Lyme. Rte. 156.
- **Branford River:** Branford. Montowese Street.
- **Bride Brook:** East Lyme. First railroad crossing.
- **Byram River:** Greenwich. First railroad crossing.
- **Clinton River:** (Indian River) Clinton. Rte. 1.
- **Connecticut River:** I-95 bridge. Old Lyme-Old Saybrook.
- **Duck River:** Old Lyme. Entirely in Marine District.
- **East Creek:** Guilford. The tide gates at Guilford dock.
- **Housatonic River:** Milford-Stratford. Merritt Parkway.
- **Indian Harbor:** Greenwich. First railroad crossing.
- **Indian River:** Milford. Rte. 122.
- **Jordan Cove:** Waterford. First railroad crossing.
- **Lieutenant River:** Old Lyme. Rte. 156.
- **Menunketesuck River:** Westbrook. Rte. 1.
- **Mianus River:** Greenwich. Dam north of Boston Post Road.
- **Mill River:** Fairfield. Dam at Harbor Road.
- **Mill River:** New Haven. Tide gates at State Street.
- **Mumford Cove:** Groton. Entirely in Marine District.
- **Mystic River:** Stonington-Groton. 500 ft. north of Rte. 1.
- **Niantic River:** East Lyme-Waterford. Golden Spur Bridge, Rte. 1.
- **Norwalk River:** Norwalk. Wall Street.
- **Oyster River:** Milford. Rte. 122.
- **Palmer's Cove:** Groton. Entirely in Marine District.
- **Patchogue River:** Westbrook. Rte. 1.
- **Pawcatuck River:** Stonington. 500 ft. north of Rte. 1.
- **Pequonnock River:** Bridgeport. North Avenue (Rte. 1).
- **Poquonnock River:** Groton. 500 ft. north of Rte. 1.
- **Pequot-Sepos Cove:** Stonington. 500 ft. north of Rte. 1.
- **Quiambaug Cove:** Stonington. 500 ft. north of Rte. 1.
- **Quinnipiac River:** New Haven. Rte. 17.
- **Sasco Brook:** Westport. Buckley's Mill Dam, above Rte. 1.
- **Saugatuck River:** Westport. Kings Highway.
- **Shaws Cove:** New London. Entirely in Marine District.
- **Stonington Harbor, Lambert Cove and Quana duck Cove:** Stonington. 500 ft. north of Rte. 1.
- **Thames River:** Groton-New London. 500 ft. North of Rte. 1, I-95 bridge.
- **Tokeneke Brook:** Darien. Old Farm Road.
- **Wequetequoct River:** Stonington. 500 ft. north of Rte. 1.
- **West River:** Guilford. Rte. 146.
- **West River:** West Haven. Tide gates at Orange Ave. (Rte. 1).

For a complete listing, consult section 26-108-1 of the Regulations of Connecticut State Agencies, and section 26-109 of the Connecticut General Statutes. These can be found at www.ct.gov/deep/laws-regs.

HOW TO CATCH FISH

Contact your local bait and tackle shop for updated fishing information. See page 18 for a list of bait and tackle shops or go to www.ct.gov/deep/baitandtackle.

STRIPED BASS

Habitat

- Large rivers in spring and fall
- Estuaries and bays in summer

Fishing Method

- Drifting with live bait
- Jigging and trolling
- Bottom fishing with bait
- Casting to fish

Baits & Lures

- Live bait, menhaden, eels, shad and sand worms
- All types of swimming lures, plastic and rubber baits

BLACK SEA BASS

Habitat

- Estuaries and Sound
- Rock piles/reefs
- Oyster and mussel beds
- Pilings and jetties

Fishing Method

- Anchored over structure, reefs
- Bottom fishing
- Fishing with bait

Baits & Lures

- Sand worms, conch, shrimp, mummichogs, silversides, mussels/clams and baited jigs or jigs with plastic/rubber bodies or trailer

FLUKE

Habitat

- Estuaries and bays
- Lower sections of rivers
- Hard bottom and channels preferred

Fishing Method

- Drifting with bait
- Jigging up and down
- Casting and slowly moving jig with bait

Baits & Lures

- Live/dead bait (bunker, mummichogs, shiners & silversides), cut squid strips, baited jigs and plastic baits

SCUP

Habitat

- Estuaries and bays
- Rock piles/reefs
- Oyster and mussel beds
- Pilings and jetties

Fishing Method

- Anchored over structure/reefs
- Bottom fishing
- Live or dead bait

Baits & Lures

- Squid or conch strips, sand worms, shrimp, and mussels/clams

Looking for a place to fish, launch a boat, a bait and tackle shop or a party/charter vessel to go fishing on?
Check out the Saltwater Fishing Resource Map at www.ct.gov/deep/saltwaterfishingresourcemap

Shoreline Fishing in Coastal State Parks

During regular hours, a vehicle parking fee is required to enter most of the state parks. Parking fees are collected from 8 a.m.–6:30 p.m. on weekends and holidays, and 8 a.m.–6:30 p.m. during the week except at state parks marked with an asterisk. Late day fees (4 p.m.–6:30 p.m. any day) for Harkness, Hammonasset, Rocky Neck and Sherwood Island are \$6 for residents and \$7 for non-residents. For more information please see the coastal state parks website: www.ct.gov/deep/stateparks.

* Parking Fees subject to change.

△ Camping

NIGHT FISHING RULES

Anglers entering a park by vehicle must obtain a vehicle permit in order to park and fish. No vehicle will be admitted into the day-use area of the park from 6:30 a.m.–8 a.m. Individuals entering the park without a vehicle do not require a permit, but must possess fishing tackle (rod & reel, bait, light, etc.) and engage in fishing.

BLUFF POINT STATE PARK & COASTAL RESERVE, GROTON

Fishing is allowed 24 hrs.

- **Fish to be caught:** Winter flounder and snapper bluefish can be caught at Poquonnock Cove. Bluefish, striped bass, hickory shad, summer flounder, little tunny and tautog can be caught from the beach.
- **Directions:** I-95, Exit 88 to Route 117 south, right onto Route 1, left onto Depot Road. Follow to end.
- **Parking Fees:** None.

FORT TRUMBULL STATE PARK, NEW LONDON

Fishing access (handicapped accessible), 24 hour pedestrian access from Riverfront Walk to Fishing Pier on the Thames River.

- **Fish to be caught:** Bluefish, striped bass, summer flounder, hickory shad, scup, tautog, winter flounder, weakfish and black sea bass.
- **Directions:** I-95N, Exit 83 (Huntington Street). I-95S, Exit 84.
- **Parking Fees:** None. Telephone: 860-444-7591.

FERRY LANDING STATE PARK, OLD LYME

Fishing access (handicapped accessible) consists of a fenced bulkhead area and a fishing/crabbing boardwalk. Parking is available inside the park after hours for fishing/crabbing only.

- **Fish to be caught:** Bluefish, striped bass, summer flounder, catfish, American eel, hickory shad, and white perch.
- **Directions:** I-95, Exit 70 to Route 156. After ¼ mile make a right onto Ferry Road. Follow to end. Telephone: 860-434-6043.
- **Parking Fees:** None.

HAMMONASSET BEACH STATE PARK, MADISON

Fishing is allowed only at the Meigs Point Jetty (south end) and at West Beach Jetty during the peak season from 8 a.m. to sunset. Night fishing is permitted along the entire beach (2 miles). **The entire beach (2 miles) is not open to night fishing during the off-season (October–May).**

- **Fish to be caught:** Tautog, winter flounder, bluefish, summer flounder, scup, weakfish, striped bass and black sea bass.
- **Directions:** I-95, Exit 62. Telephone: 203-245-2785.
- **Parking Fees***
 - Weekdays: resident—\$9.00, non-resident—\$15.00
 - Weekend/Holiday: resident—\$13.00, non-resident—\$22.00

HARKNESS MEMORIAL STATE PARK, WATERFORD

Fishing is allowed along the beach. No swimming allowed.

- **Fish to be caught:** Tautog, bluefish, striped bass and scup (porgy) can be caught off the rocky point and summer flounder off the beach.
- **Directions:** I-95, Exit 75. Take Route 1 North to Avery Lane on right. Follow Avery Lane to Route 213. Follow Route 213 to the park. Telephone: 860-443-5725.
- **Parking Fees***
 - Weekdays: resident—\$6.00, non-resident—\$10.00
 - Weekend/Holiday: resident—\$9.00, non-resident—\$15.00
 - After 4pm any day: resident—\$6.00, non-resident—\$7.00

ROCKY NECK STATE PARK, NIAN TIC

Fishing is allowed on the jetty year round. The entire beach and jetty is open to fishing during the off-season. Jetty located on right side of beach. **Please note:** When no night rangers are on staff and on major holiday weekends, no vehicles are permitted in park for night fishing.

- **Fish to be caught:** Tautog, winter flounder, bluefish, striped bass, scup (porgy) and black sea bass can be caught off the jetty. Crabbing is allowed at designated areas.
- **Directions:** I-95, Exit 72 to Route 156. Telephone: 860-739-5471.
- **Parking Fees***
 - Weekdays: resident—\$9.00, non-resident—\$15.00
 - Weekend/Holiday: resident—\$13.00, non-resident—\$22.00

SHERWOOD ISLAND STATE PARK, WESTPORT

Fishing is allowed at Sherwood Point, East and West Jetty during the open season (April 15–Sept. 30). The entire beach is open to fishing during the off-season from 8 a.m. to sunset only.

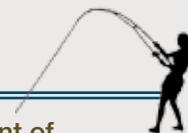

- **Fish to be caught:** Tautog, bluefish, scup, summer flounder, winter flounder and striped bass can be caught off Sherwood Point.
- **Directions:** I-95, Exit 18. Telephone: 203-226-6983.
- **Parking Fees***
 - Weekdays: resident—\$9.00, non-resident—\$15.00
 - Weekend/Holiday: resident—\$13.00, non-resident—\$22.00

SILVER SANDS STATE PARK AFTER HOURS FISHING PARKING/ CHARLES ISLAND, MILFORD

Fishing is open throughout the area including the sand spit which extends about a mile from the mainland to Charles Island. **Caution is advised when fishing or walking the Tombolo (sand bar).** Swift tidal currents during a flood tide can make passage dangerous and persons unfamiliar with the area may be stranded on Charles Island until low tide.

- **Fish to be caught:** Bluefish, striped bass, summer flounder, hickory shad and weakfish.
- **Directions:** I-95, Exit 35. Follow Schoolhouse Road south to Route 1 (Bridgeport Avenue). Turn left onto Route 1 then right at first light (Silver Sands Park Way). Follow Park Way and turn left at next light (Meadowside Road). Follow Meadowside 0.7 mile and turn right at Robert Treat Parkway which then becomes Surf Avenue. Follow Surf Avenue to end at East Broadway and turn right. The After Hours Fishing Parking Lot is at the end of East Broadway.
- Hiking the Tombola (Sand Bar) while it is covered in water is prohibited.
- **Parking Fees:** None.

SHORELINE FISHING & PROPERTY RIGHTS

A Message from the Department of Energy & Environmental Protection's Office of Long Island Sound Programs

Connecticut's intertidal shore belongs to the people. Under the common law public trust doctrine, the public may freely use land and waters waterward of the mean high water line to fish. The public trust area includes beaches, rocky shores and open waters along tidal and navigable waters. Fishing in the public trust area is not trespassing; the DEEP encourages anglers to enjoy their rights to use the public trust lands for fishing. However, anglers should also respect the rights of adjacent landowners by not crossing private property without permission and by leaving the shoreline clean and litter free.

**Call the Office of Long Island Sound Programs
for more information at 860-424-3034.**

Enhanced Fishing Opportunities

Scan the code for more information or visit www.ct.gov/deep/saltwaterfishing

ENHANCED OPPORTUNITY SHORE FISHING PROGRAM

This Marine Fisheries program is part of a broader Department effort to improve the quality of access and fishing to our Public Trust marine fisheries resources in CT, especially in urban areas. This unique program relies on reduced size limit regulations to allow anglers young and old alike the opportunity to experience the joy and relaxation of outdoor recreation and the satisfaction of catching their own dinner. At the same time, the design of this program assures that marine fish conservation objectives continue to be met.

Appendix A. Public Shore Fishing Access Sites where Summer Flounder/Fluke (16 inch min. length) and Scup (9 inch min. length) may be taken at a smaller length limit. Please see page 58 for a complete list of marine recreational fishing regulations including creel limit and open seasons.

BONUS STRIPER FISHING PROGRAM

From May 1st to December 31st 2016 inclusive, striped bass at least 22 inches but less than 28 inches total length may be possessed provided the angler:

1. Immediately upon retention of such fish, permanently secures a tag (see image below) through the mouth of the striped bass. Bonus striped bass tags can be obtained at CT DEEP offices or through CT DEEP Marine Fisheries Angler Survey staff and other designated locations. See www.ct.gov/deep/saltwaterfishing for updated information.
2. The bonus striped bass tag must remain on the fish until such fish is taken home or to another location where the fish is to be consumed.
3. Uses the Bonus Striped Bass Reporting Card that was provided with your fish tag to record the date of capture, length of the fish and your Conservation ID.
4. Returns the reporting card within 48 hours of harvesting the bonus striped bass.
5. Harvest only ONE bonus striped bass per day regardless of the number of tags the angler possess.
6. Valid only in Connecticut State Waters.

FOR 2016... 2 Tags per Angler available at DEEP Offices

2016 Connecticut Bonus Striped Bass Reporting Card

To be completed upon harvest of a qualifying fish

Date: / 2016

Total length: 22" 23" 24" 25" 26" 27"

Conservation ID #

not a valid card

Marine Angler Surveys

CONNECTICUT MARINE ANGLER SURVEY

The Department of Energy and Environmental Protection (DEEP), Marine Fisheries Division is conducting a survey of marine recreational anglers in order to collect fishing trip information and length measurements on kept and released fish. Anglers will be recruited by DEEP marine fisheries staff to volunteer their fishing trip information and take length measurements on fish caught for that particular fishing day. Post marked daily catch cards will be distributed to anglers fishing from both shore, including Enhanced Opportunity Shore Angler Program Designated Fishing Sites (EOS) and boat launch sites along the Connecticut coastline. EOS locations are areas that have less restrictive fishing regulations for summer flounder and scup enabling anglers a better chance of bringing a fish home for dinner. This fishing information will provide us with important individual angler trip and species catch data needed to effectively monitor and assess the marine recreational fishery and ultimately provide the most fishing opportunity possible. Participating anglers will be provided a waterproof daily catch card,

pencil, and measuring tape for recording this important fisheries data. Anglers will be encouraged to drop off post marked catch cards in the mail, or at designated drop-off boxes (see www.ct.gov/deep/saltwaterfishing) and CTDEEP Marine Fisheries Survey staff upon trip completion.

Rod Macleod with two dandy black sea bass from Long Island Sound.

MARINE DEFINITIONS

CLOSED SEASON (SALTWATER) The period of time during which no person shall take, possess or land a particular species taken by sportfishing methods, regardless of where taken. Any species taken to the contrary must be returned immediately, without avoidable injury, to the waters from which it was taken.

- Anglers cannot be in possession of fish legally taken in another state when on the waters or shores of Connecticut during a closed season for that species in Connecticut.

DAILY CREEL LIMIT The number of fish of a species or species group that can be retained by an individual angler during the period from 12:01 a.m. to midnight. Any species taken to the contrary must be returned immediately, without avoidable injury, to the waters from which it was taken.

"CULLING" OR "HIGH-GRADING" means discarding or returning a previously retained fish to the water in order to retain a more desirable fish. Any fish placed on a stringer, in a container, cooler, live well or similar device, or otherwise not immediately released to the water shall count against the daily creel limit. "Culling" or "High-Grading" is prohibited in the Marine District!

MARINE VOLUNTEER ANGLER SURVEY PROGRAM

The Marine Fisheries Division is seeking marine recreational anglers who will volunteer to participate in the **Connecticut Volunteer Angler Survey (VAS)** Program. The VAS Program is designed to collect fishing trip and catch information from marine recreational (hook and line) anglers who volunteer to record their angling activities via a logbook. VAS anglers contribute valuable fisheries-specific information concerning striped bass, fluke, bluefish, scup, tautog and other important finfish species used in monitoring and assessing fish populations inhabiting marine waters.

Participants will have the choice of either filling out the traditional paper logbooks and mailing them back in **or** by entering their data electronically by a computer web based application. In either case, paper logbooks will still be sent out to each angler.

Both the VAS paper logbook and the computer electronic version are easy to enter. Each participating angler is assigned a personal code number for confidentiality. The paper logbook instructions are located on the inside cover and the electronic version will have a specified menu with assisted help information. Upon completion of the paper logbook, tape the pre-postage paid logbook shut and drop it off in the mail. All paper logbooks are returned to each angler for their own personal records upon data entry. Anglers that participate are also provided with updated program results and public hearing notices concerning recreational fishery management regulations.

Participating is very important for Marine Fisheries Management.

Recreational Fishing—Bait Species, Blue Crab & Lobster

TAKING OF BAIT SPECIES

For personal use/not for sale: Recreational License required in marine district.

Net and traps which may be used to catch bait species only (see species list below)

- Cast Nets.
- Minnow Traps: no larger than 20" long by 15" in diameter.
- Umbrella Nets: not more than 4 ft. in length by 4 ft. in width.
- Scoop or Scap Nets: no larger than 36" in diameter.
- Seines: no longer than 30 feet in length.
- Up to two eel pots.
- Hook & Line.
- By hand.

Species that may be taken using the gears listed above

- Menhaden (see possession limit on page 58) (Also see Gillnetting Menhaden)
- Striped Killifish and Banded Killifish
- Atlantic Silverside
- Tidewater Silverside
- Mummichogs
- Sea Herring (Atlantic Herring)
- Sand Lances (Sand Eels)
- American Eel (see possession limit on page 58)
- Sea Lamprey
- Bay Anchovy
- Mullet Species
- Sheepshead Minnow
- Shrimp Species
- Green, Fiddler, Asian Shore and Hermit Crabs

SHARK SPECIES YOU MAY ENCOUNTER IN COASTAL WATERS OF CONNECTICUT

Sand Tiger Shark

Sandbar (Brown) Shark

Protected and prohibited species must be released unharmed. For more information, go to www.nmfs.noaa.gov/sfa/hms/sharks/2008/Rec_shark_ID_placard.pdf

IF YOU DON'T KNOW, LET IT GO!

GILLNETTING MENHADEN

Personal Use Gillnet License Required (\$100.00)

Legal Menhaden Capture Methods

Use of a single gillnet, not more than 60 feet in length and 3 inch minimum mesh size.

Prohibited

The taking of any species other than menhaden.

Required

- Annual Report of Catch
- See Personal Use Gillnet License Guidelines for a complete list of requirements.

Info

- Call 860-434-6043, ask for the Personal Use Menhaden Gillnet License Guidelines.
- Or go to www.ct.gov/deep/fishing and search for Personal Use License.
- Or go to www.ct.gov/deep/MarineFishInfoCirc

SHELLFISH

For personal use/not for sale: Town Shellfishing License required.

Species Include

- Mussels
- Clams
- Oysters
- Scallops

Contact the town where you plan to harvest shellfish for permit information, or the Department of Agriculture, Aquaculture Division at 203-874-0696. email: ctdeptag@ct.gov.

LOBSTER

Personal Use Lobster License Required (\$60.00) — New Reduced Fee!

Legal Lobster Capture Methods:

- Ten pots or less (pot tags required)
- Skin Diving
- SCUBA Diving
- Hand Capturing

Required

- Annual Report of Catch
- See Guidelines for Personal Use Lobster Fishing for a list of requirements.

Info

- Call 860-434-6043, ask for the Guidelines for Personal Use Lobster Fishing in Connecticut.
- Lobster Gauges can be purchased (\$4) at the Marine Fisheries office in Old Lyme or from DEEP Licensing at: 79 Elm Street, 1st Floor, Hartford, CT 06106-5127 860-424-3105
- Or go to www.ct.gov/deep/fishing and search for Personal Use License.
- Or go to www.ct.gov/deep/MarineFishInfoCirc

Reduce Catch and Release mortality — please use circle hooks.

- **Toilets:** Chemical, seasonal.
- **Conditions:** Shallow launching conditions at low tide.
- **Use:** Heavy use on weekends.
- **Access:** I-95, Exit 17 east side of river. Rte. 136 to Compo Road, first right to launch.

CONNECTICUT STATE WATERS BOUNDARY

Fishing Across State Boundary Lines

Anglers are reminded that several states have areas of jurisdiction in Long Island Sound and fishing regulations can vary between these states. When on the waters or shores of each state, anglers must comply with all regulations of that state, regardless of the port they intend to return to. To be legal when crossing state boundary lines, anglers must abide by the most restrictive of the states' regulations for each species. Latitude/Longitude coordinates depicting the Connecticut boundary line in Long Island Sound and Fishers Island Sound are available in the Marine Fisheries Information Circular which can be found on the DEEP web site: www.ct.gov/deep/fishing. The Information Circular can also be obtained by calling 860-434-6043 or email: deep.marine.fisheries@ct.gov.

www.ct.gov/deep/statewatersboundary

Long Island Sound map is for general reference only. For detailed information, please refer to Navigational Charts.

State Record Marine Fish

Red type signifies a new record set in 2015.
