

This document contains the Connecticut regulations for Privately Stocked Waters. This document was prepared by the State of Connecticut Department of Environmental Protection and is provided for the convenience of the reader. This is not the official version of the regulations. The official regulations are published by the State of Connecticut, Judicial Branch, Commission on Official Legal Publications in the Connecticut Law Journal. In the event there is inconsistency between this document and the regulations as published in the Connecticut Law Journal, the Connecticut Law Journal publication will serve as the official version.

PRIVATELY STOCKED WATERS

26-132-1. Privately stocked waters

Any association owning or controlling the fishing rights in any stream or pond, the waters of which are stocked with fish by such association at no expense to the state, may request special open and closed seasons, daily creel and season limits, and legal lengths of species taken from such waters, under the provisions of Section 26-132 of the General Statutes, on forms provided by the Department of Environmental Protection. Information required may include but may need not be limited to: the full name and address of the association; name, location and description of such waters; full name and address of the owner(s) of such waters and, if the applicant does not own the waters, proof of the control of fishing rights. Any such request approved by the Commissioner under the provisions of this section shall be in letter form to the applicant and shall expire on December 31st of the year of approval.
