There's Something for Everyone

The Key below helps you identify the types of dairy animals and the products that each of these diversified dairy operations offer to the public. Then, the farm description provides more detailed information that you will need to determine if that particular dairy farm supplies the products you desire, and helps you decide which farms you would like to visit.

Key

Cows	C	Yogurt	Y
Sheep	S	Ice Cream	IC
Goats	G	Egg Nog	E

* **Consumer Advisory:**

"Raw milk is not pasteurized; pasteurization destroys organisms that may be harmful to human health."

Connecticut Dairy Farms

Connecticut's dairy farms represent a large portion of the state's farmland and provide pastoral landscapes, scenic vistas, and a wealth of rural character to local communities. In addition, they provide residents of Connecticut and beyond with fresh milk and value-added products such as cheese, butter, yogurt, and ice cream. Visit one or more of these local dairy farms and learn why they are a vital segment of Connecticut agriculture and how they contribute to the quality of life enjoyed by those who live, work, and play here in the state.
