<b>Middletown</b> (203) 237-2229	McDonough Elementary (K-5) Woodrow Wilson Middle (7-8)		

## EXPANDED SCHOOL HEALTH SERVICES

The state also provides limited funds to communities to enhance existing school health services. Services vary by site and include, but are not limited to: counseling, health education, health screening, psychosocial care, and prevention services. They do not provide the full range of outpatient physical and mental health services such as those offered in a traditional School Based Health Center. Expanded school health services are available to enrolled students in schools where such services are provided.
