

Ottilie W. Lundgren Mobile Field Hospital

Hospital Logistics

Title: J Shelter End Walls	Policy # : MFH07-04
Date of Origination: December 17, 2007	Signature:
Document Status : Approved	
Date Approved: December 17, 2007	Commissioner, Department of Public Health

- I. **Purpose:** The purpose of this policy is to establish guidelines that maximize the rigidity of the mobile field hospital J shelter structure(s) while erected and in use.
- II. **Policy:** It is the policy of the State of Connecticut Mobile Field Hospital (MFH) to include the assembly and placement of at least four internal frames, or "end walls", per J shelter regardless of the season or weather conditions during the erection of the structure.
- III. **Procedure:** Assembly, positioning, and security of the end walls within the J shelters will be in accordance with manufacturers manual *UST Trailer Model HP-J Operations & Maintenance Manual*.
- IV. **Personal Protective Equipment (PPE):** Appropriate PPE is required anytime personnel is assembling, positioning, or erecting MFH equipment or components.
