

Earn a living. Make a difference.

Train for a rewarding career in solar energy marketing or installation—or upgrade your skills as a construction worker or licensed electrician.

According to the Connecticut Clean Energy Fund, the number of solar installation companies in Connecticut has doubled in the last two years, and the need for solar photovoltaic (PV) professionals is expected to grow as more businesses and homeowners choose clean, renewable energy sources to heat and power their homes and businesses.

Classes in **Solar PV Installation Assisting** and **Solar PV Technical Sales** are free for qualified students. In-class and hands-on training (44 hours total) will take place over 2-3 weeks in September. Classes are offered at the following convenient locations:

- **Gateway Community College** (North Haven)
- **Middlesex Community College** (Middletown)
- **Naugatuck Valley Community College** (Waterbury)

These classes give you the skills recognized by the North American Board of Certified Energy Practitioners, the gold standard in renewable energy careers.

Classes start in September and are free for qualified students. Registration deadline is Aug. 23. For eligibility and registration information, call Deb Presbie at (860) 244-1932 or e-mail deb.presbie@cbia.com.

This program is offered by the Connecticut Business and Industry Association (CBIA) and Connecticut Community Colleges as part of the TANF (Temporary Assistance for Needy Families) program, funded by the American Recovery and Reinvestment Act of 2009 and administered by the Connecticut Department of Social Services. Matching funds are provided by the Connecticut Clean Energy Fund.

Solar Photovoltaic (PV) Course Descriptions

TANF-Eligible Individuals Only

The **Solar PV Entry Level Program** is designed for those individuals wanting to get into the solar field. This course combines 44 hours of in-class and hands-on training in the fundamental principles of application, design, installation and operation of grid-tied and stand-alone solar photovoltaic (PV) systems. Four hours of math review are included.

Course learning objectives focus on ten skill sets recommended by the North American Board of Certified Energy Practitioners (NABCEP):

1. PV Markets and Applications
2. Safety Basics
3. Electricity Basics
4. Solar Energy Fundamentals
5. PV Module Fundamentals
6. Systems Components
7. PV System Sizing Principles
8. PV System Electrical Design
9. PV System Mechanical Design
10. Performance Analysis, Maintenance and Troubleshooting

The NABCEP Entry Level Exam will be administered free of charge to participants who successfully complete the classroom assessment. If you know how to use hand and power tools, are able to work on a rooftop, and successfully pass this exam, you may be hired as an entry-level worker supervised by a fully certified installer.

For successful completion of this course, 100% attendance is required.

Dates and Locations:

- Naugatuck Valley Community College (Waterbury), 7 sessions, Mondays and Wednesdays, September 8 to September 29, 9 AM to 4 PM
- Middlesex Community College (Middletown), 7 sessions, 2 sections offered: 9/7, 9/10, 9/14, 9/16, 9/21, 9/23, and 9/28, 9 AM to 4 PM, **or** 9/13, 9/15, 9/17, 9/20, 9/22, 9/27, 9/29, 9 AM to 4 PM
- Gateway Community College (North Haven), 7 sessions, Tuesdays and Thursdays, 9 AM to 4 PM, September 7 to 28.

The **Solar PV Technical Sales** course is designed for sales professionals or individuals seeking to work in photovoltaic technical sales. PV technical sales professionals analyze customer needs and develop proposals, based on site analyses, that include a conceptual design, financial analysis, and performance projections for the system. This 44-hour course, which includes four hours of math review, provides the

knowledge and skills needed to analyze customer electric bills, perform site assessments, identify zoning and related issues, manage customer expectations, inspect electrical service at the site, identify location for PV system components, assess mounting locations, perform shade analyses, select appropriate equipment, plan system layouts, explain costs and net savings, evaluate financing options, describe environmental impact, and prepare proposals.

Individuals who successfully complete the classroom assessment and meet additional NABCEP requirements will be eligible to take the new NABCEP PV Technical Sales exam offered in March 2011. Individuals not currently working in a solar career should also take the Solar PV Entry Level Program if planning to take the NABCEP PV Technical Sales exam.

For successful completion of this course, 100% attendance is required.

Dates and Locations:

- Naugatuck Valley Community College (Waterbury), Tuesdays and Fridays, September 7 to September 28, 9 AM to 4 PM
- Gateway Community College (North Haven). Mondays and Thursdays, from 6 PM to 10 PM, and Saturdays from 9 AM to 2:30 PM, September 9 to September 27.

This program is offered by the Connecticut Business and Industry Association (CBIA) and the Connecticut Community Colleges as part of the Temporary Assistance for Needy Families (TANF) program, funded by the American Recovery and Reinvestment Act of 2009 (ARRA) TANF Emergency Contingency Fund and administered through the State of Connecticut Department of Social Services. Matching funds are provided by the Connecticut Clean Energy Fund. All instructional materials, textbooks, NABCEP application fees and NABCEP Entry Level Exams will be provided at no cost to eligible participants.

Free Solar PV Training Programs for TANF-Eligible Participants

Eligibility and Application Guidelines

Am I eligible?

You are eligible if you meet **all** the following criteria:

- Have dependent children
- Meet family income guidelines as defined on the Connecticut TANF ECF Intake Application form W-1437
- Are a United States citizen or a permanent resident with documented residency of at least five years
- Are at least 18 years of age
- Pass a mandatory math skill assessment during the week of **August 23**. Testing will be conducted at the community college at which you are registering.

How do I apply?

1. Complete the following registration forms (available at www.cbiam.com/edf):

- Connecticut TANF ECF Intake Application, form W-1437
- CBIA TANF Intake Application Form (Page 2)
- Connecticut Community Colleges Registration Form, Semester 110308 (Fall 2010)
- Consent for the Disclosure of Education Records

2. Schedule an appointment for assessment testing by August 23, 2010.

- **Gateway Community College:** Contact Dr. David Cooper at 203-285-2323, or by email at dcooper@gwcc.commnet.edu.
For maps/directions, go to <http://www.gwcc.commnet.edu/contact.aspx?id=175>.
- **Middlesex Community College:** Contact Ian Canning at 860-343-5710, or by email at icanning@mxcc.commnet.edu.
For maps/directions, go to http://www.mxcc.commnet.edu/Content/Campus_Maps.asp.
- **Naugatuck Valley Community College:** Contact Ann Travers at 203-575-8197, or by email at atravers@nvcc.commnet.edu.
For maps/directions, go to <http://www.nvcc.commnet.edu/About-NVCC/Maps-Directions>.

3. Bring all completed registration forms (with a copy of your INS card, if applicable) to your testing appointment. For additional information contact, Deb Presbie, CBIA project consultant, at 860-244-1932, or by email at deb.presbie@cbiam.com.

Connecticut TANF ECF Intake Application

Organization Name: CBIA

Program Name: Solar PV training

1. Client Information

Name: _____
(first) (middle) (last)

Date of Birth: _____
(mm/dd/yyyy)

Address (P.O. Box is not acceptable):

(number and street) (apt. number)

(city) (state) (zip code)

Gender: M F
Social Security Number: _____
INS Number: _____
(if applicable)

2. Eligibility Criteria

Income:

- Current Recipient of TFA (Temporary Family Assistance)
- Current Recipient of SNAP (Food Stamps)
- Current Recipient of SAGA (State Administered General Assistance)
- Current Recipient of WIC (Women, Infants, and Children)
- Family income less than 75% of the State Median Income (SMI) Level

Family Income: \$ _____

Family Size: _____

Figures below represent 75% of the SMI for period July 1, 2010 through June 30, 2011.

- Family of 1 - Level less than \$39,640.77
- Family of 2 - Level less than \$51,837.93
- Family of 3 - Level less than \$64,035.09
- Family of 4 - Level less than \$76,232.25
- Family of 5 - Level less than \$88,429.41
- Family of 6 - Level less than \$100,626.57
- Family of 7 - Level less than \$102,913.54
- Family size over 7 - add \$2286.97 per family member

Household Composition:

- Custodial Parent (or pregnant) or other caretaker of dependent children
- Non-Custodial Parent (with children residing in Connecticut)
- Child under 19 yrs. old and lives with parent or relative

Citizenship Status:

- United States Citizen
- Permanent Resident* _____
(month/year became legal resident)
- Refugee, Asylee, or Deportation withheld
- Not a United States Citizen or Eligible non-citizen

* Attach copy of INS card.

3. Signatures

This information provided above is true and correct to the best of my knowledge.
