Dear Commissioner Curtis;

In reference to our recent conversations with the Office of Policy and Management and the Department of Public Works about whether the City of Norwich can responsibly market and develop the three (3) distinct parcels known to the City as parcel(s) 1, 2 & 3, we would respectfully request confirmation in writing your interpretation of the agreement that will allow us to market all three parcels for development individually if there is a need. As we complete our next round of the process of RFP/RFQ's, we would like to include that interpretation in our packet for recommendation.

We would appreciate an e-mail (mayorsoffice@cityofnorwich.org) or faxed letter with your interpretation no later than Monday, June 30, 2008 as I have a scheduled Mayor's forum which will be dedicated to the Norwich State Hospital Site and the potential marketing.

Thank you for your prompt attention to this matter.

Sincerely,

A handwritten signature in cursive that reads "Benjamin P. Lathrop" with a circled "e" at the end.
