SECRETARY BYSIEWICZ WISHES SENATOR DODD A FULL AND SPEEDY RECOVERY

SECRETARY OF THE STATE SAYS SENATOR WILL FIGHT FOR HIS OWN GOOD
HEALTH JUST AS HARD AS HE HAS FOUGHT FOR CONNECTICUT

HARTFORD: Connecticut Secretary of the State Susan Bysiewicz today issued this statement following the news that U.S. Senator Christopher Dodd has been diagnosed with early stage prostate cancer:

“Although I am saddened to hear that Senator Chris Dodd has been diagnosed with prostate cancer, I am grateful that the cancer has been detected early so the prospects for a successful outcome from surgery are good. All of us who have known Chris throughout his career know what a fighter he has been for family and medical leave, election reform, credit card reform and now for health care reform. I am sure Senator Dodd will fight just as hard for his own health as he has fought for Connecticut’s citizens and I wish him a full and speedy recovery. We are all pulling for him.”
